INTRODUCTION

The *Risk Factors for Adolescent Drug and Alcohol Abuse in Arkansas – 2020* report demonstrates the Arkansas Department of Human Services (DHS) Division of Aging, Adult and Behavioral Health Services' (DAABHS) and UA Little Rock MidSOUTH's continued commitment to help Arkansans live productive lives, free from the abuse of alcohol, tobacco and other drugs. The Risk Factors report has provided reliable behavioral health data and information for community and government leaders for more than 10 years. The data presented in the report are used to plan and inform prevention programs.

In previous Risk Factors reports, the organization and content were based on the work of J. David Hawkins and Richard F. Catalano of the Social Development Research Group at the University of Washington. Through their research, certain conditions in children's community, school, family and peer environments, as well as individual characteristics, were identified as common risk factors for social problems like drug abuse, delinquency, adolescent pregnancy and failure in school. The data in previous reports had been selected as indicators of the risk factors identified by their research.

The 2020 Risk Factors report has moved away from the research. Ten indicators were added in response to the current environment. Data were retroactively collected for past years where available. Due to a lack of data for past years' reports, eight indicators were removed from the 2020 Risk Factors report.

Risk Factors for Adolescent Drug and Alcohol Abuse in Arkansas was developed in cooperation with DAABHS and UA Little Rock MidSOUTH, with federal funds from the Substance Abuse and Treatment Block Grant, Substance Abuse and Mental Health Services Administration and the U.S. Department of Health and Human Services.

Risk Factors is designed to be a tool for Arkansas' 13 regional prevention providers and other prevention leaders to increase the effectiveness of regional, county and community efforts to prevent the abuse of alcohol, tobacco and other drugs. Before applying the information presented in this report at the county level, it is important to have knowledge about local conditions, risks and resources as well as local prevention services already in place. Risk factors exist in different environments (i.e. community, family, school and peer/individual) and are grouped into domains accordingly.

Through providing the most recent data available and working with community and prevention leaders, we hope to decrease the incidence of substance abuse, depression, violence and other problem behaviors in children.

Division of Aging, Adult and Behavioral Health Services (DAABHS) and UA Little Rock MidSOUTH Substance Abuse Prevention Regions

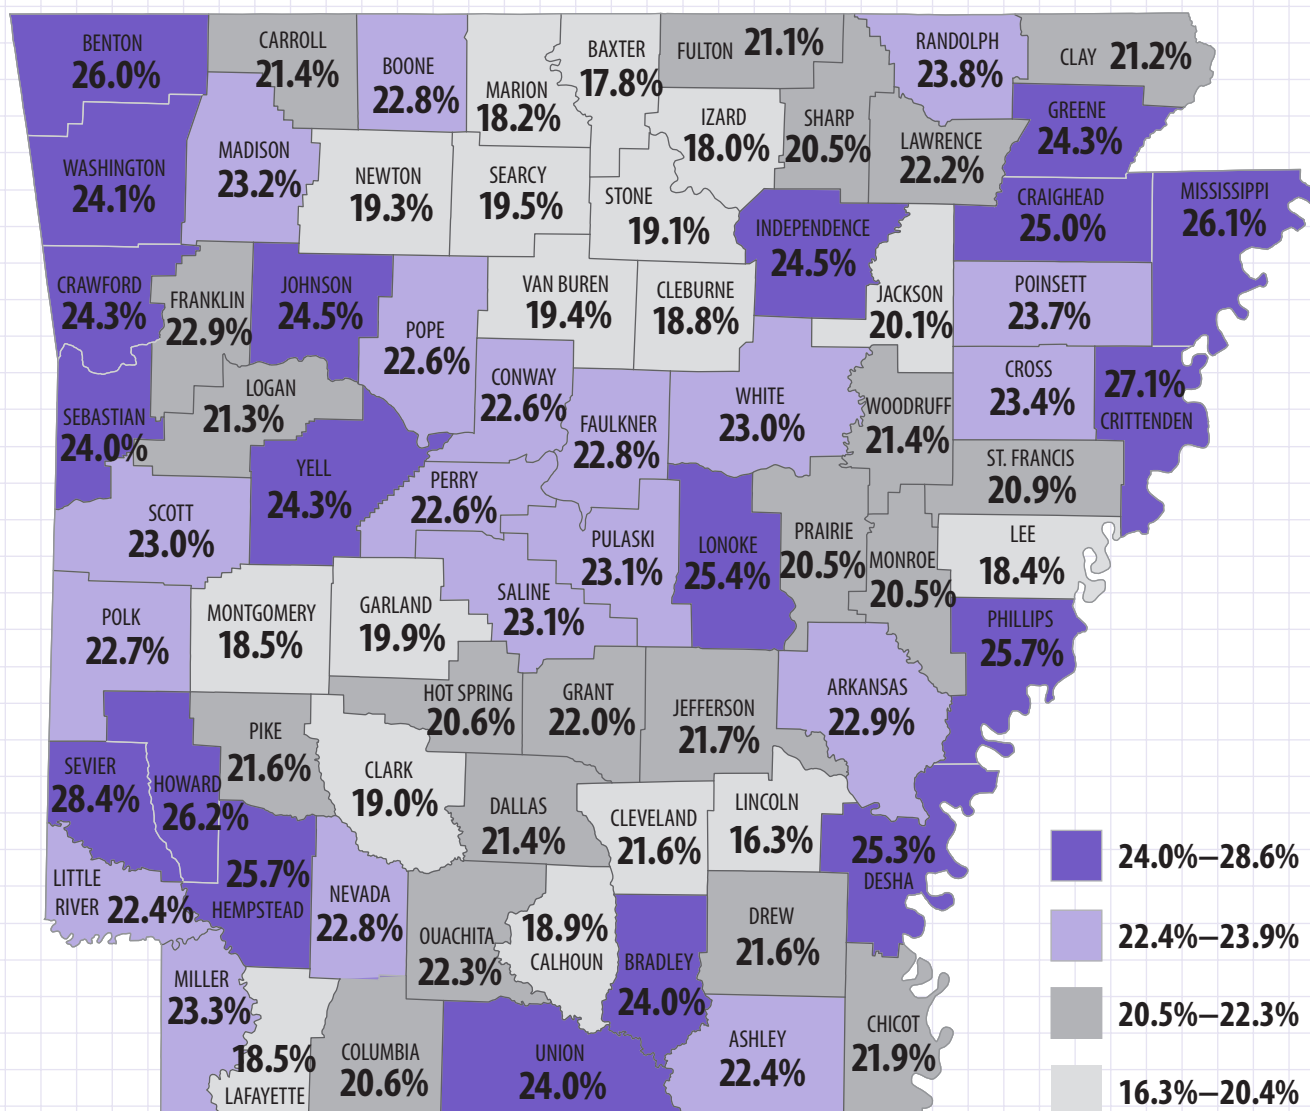

The 13 regional prevention providers were established by DAABHS and UA Little Rock MidSOUTH to promote alcohol, tobacco and other drug prevention efforts at the regional, county and community levels. Prevention providers respond to the needs of particular geographic regions and support the work of anti-drug coalitions, community organizations and institutions, constituency groups, and citizens to address prevention at the community level.

Percentage of Children, 2019

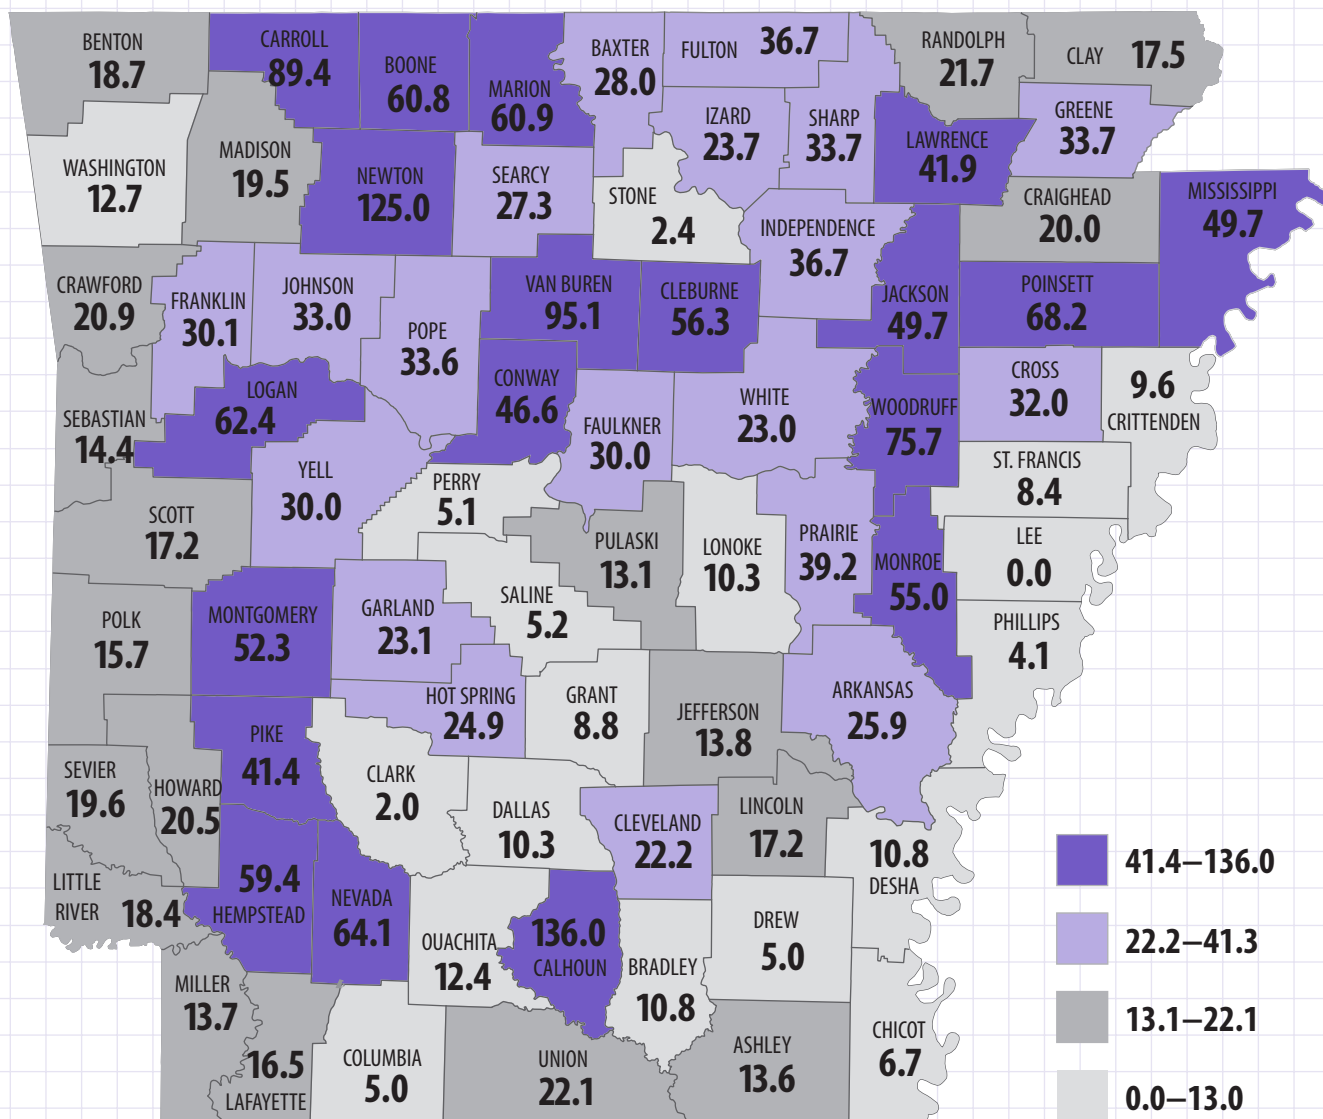

DEFINITION	Percentage of Arkansas population under age 18 of total population
SOURCE	National Center for Health Statistics (https://www.cdc.gov/nchs/nvss/bridged_race/data_documentation.htm)
STATE RATE	23.2%

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

Homeless Children Enrolled in Public School, 2019

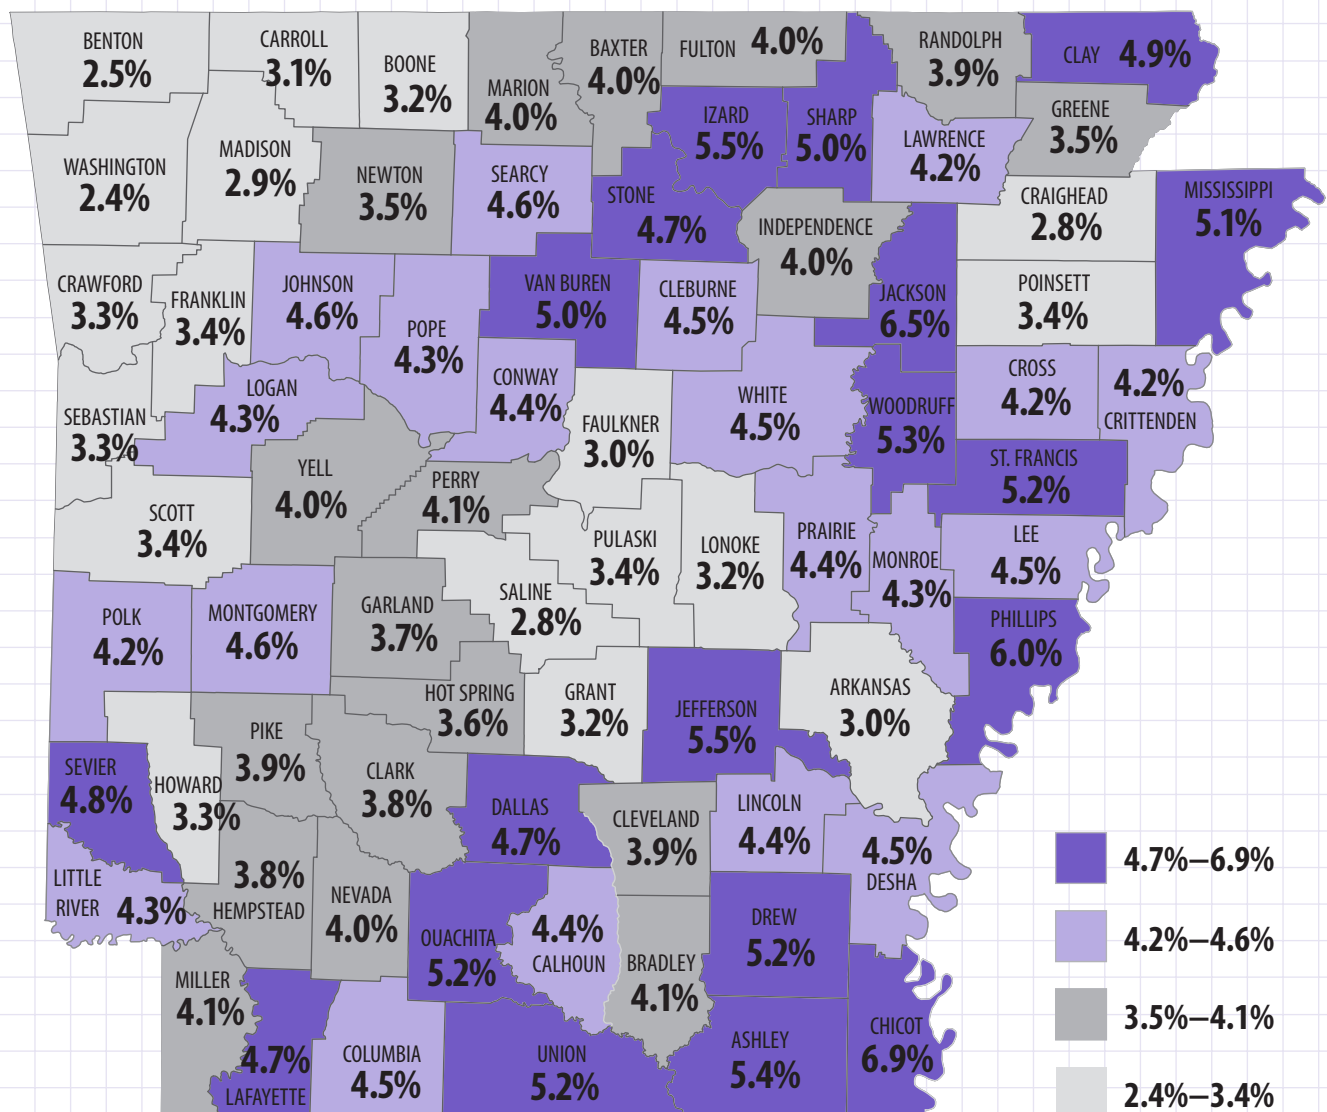

DEFINITION	Number of students enrolled in public school who lack a fixed, regular and adequate place of residence. Rate is per 1,000 total public school enrollments, pre-K through grade 12.
SOURCE	Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network (https://adedata.arkansas.gov/statewide/)
STATE RATE	22.4

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

Unemployment Rates, 2019

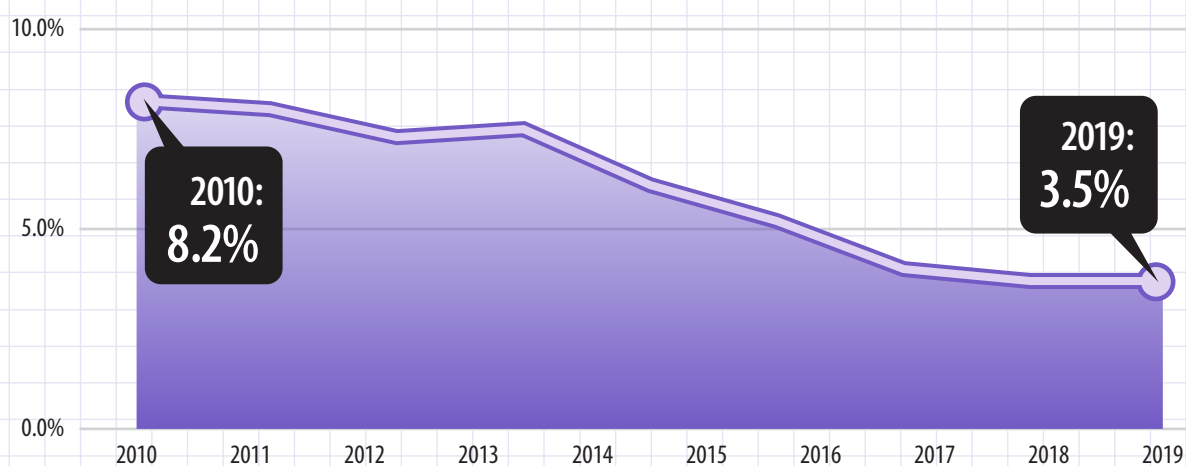

DEFINITION	An estimate of the number of persons who were able to work and available to work and: (1) were looking for work, or (2) would have looked for work except that: (a) they were waiting to return to a job from which they were laid off, or (b) they were waiting to report for a new job The rate is expressed as a percentage of the civilian labor force. These numbers are annual averages and are not seasonally adjusted.
SOURCE	U.S. Department of Labor, Bureau of Labor Statistics (http://www.bls.gov/lau/#cntyaa)
STATE RATE	3.5%

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

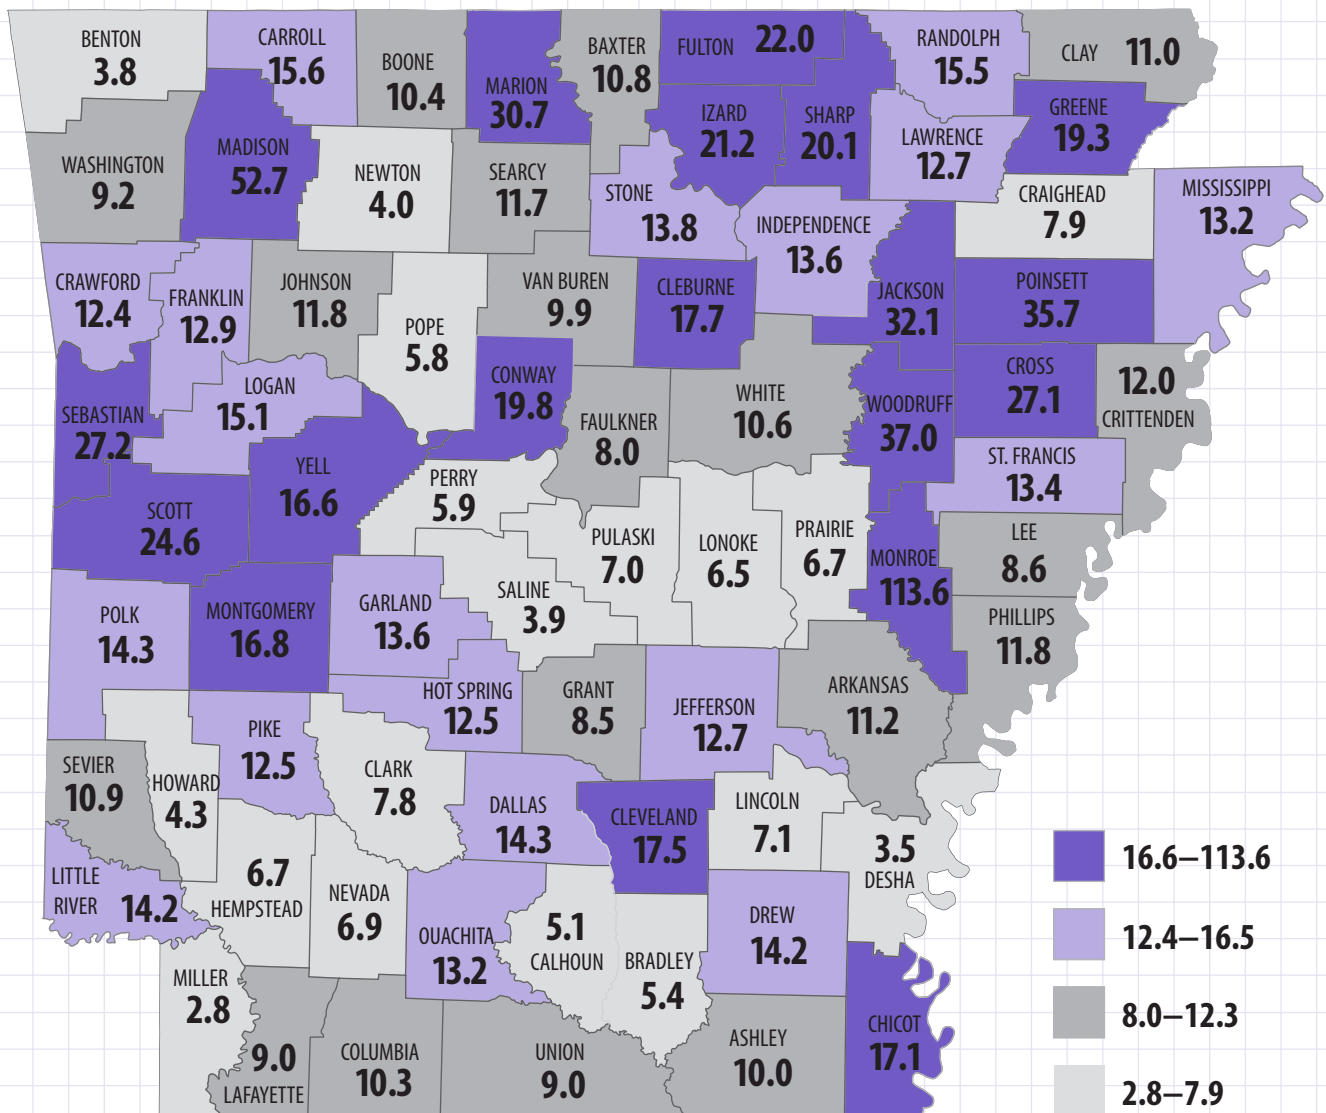

Unemployment Rates, 2010–2019

DEFINITION	An estimate of the number of persons who were able to work and available to work and: (1) were looking for work, or (2) would have looked for work except that: (a) they were waiting to return to a job from which they were laid off, or (b) they were waiting to report for a new job. The rate is expressed as a percentage of the civilian labor force.
SOURCE	U.S. Department of Labor, Bureau of Labor Statistics (http://www.bls.gov/lau/#cntyaa)
DATA SHOWN	2010–2019, calendar year

Children Living in Foster Care, 2019

DEFINITION	Average daily number of children 0–17 years of age in state-supervised, family-based foster care by fiscal year and rate per 1,000 children 0–17 years of age.
SOURCE	Arkansas Department of Human Services, Division of Administrative Services, Annual Statistical Report (https://humanservices.arkansas.gov/resources/reports/statistical-reports)
STATE RATE	11.0

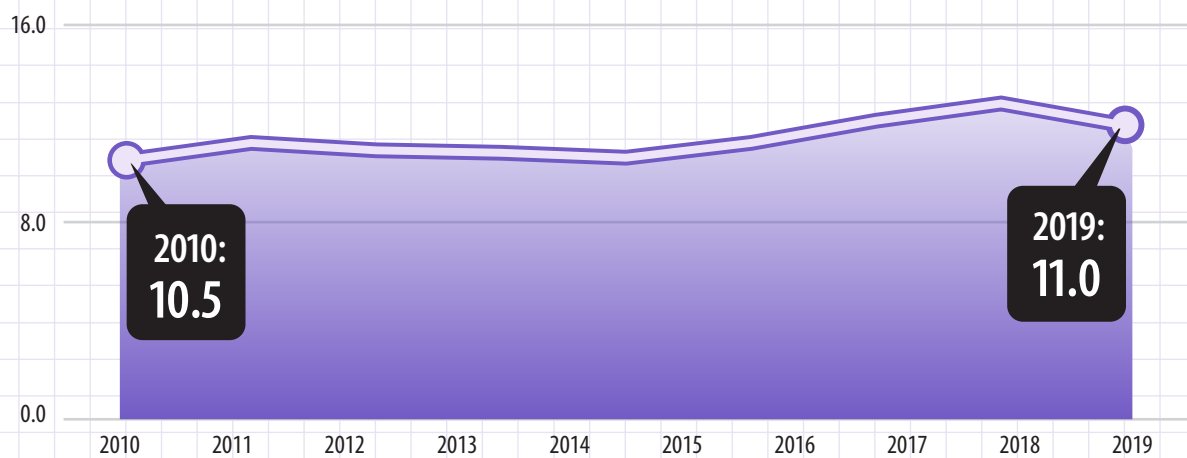

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

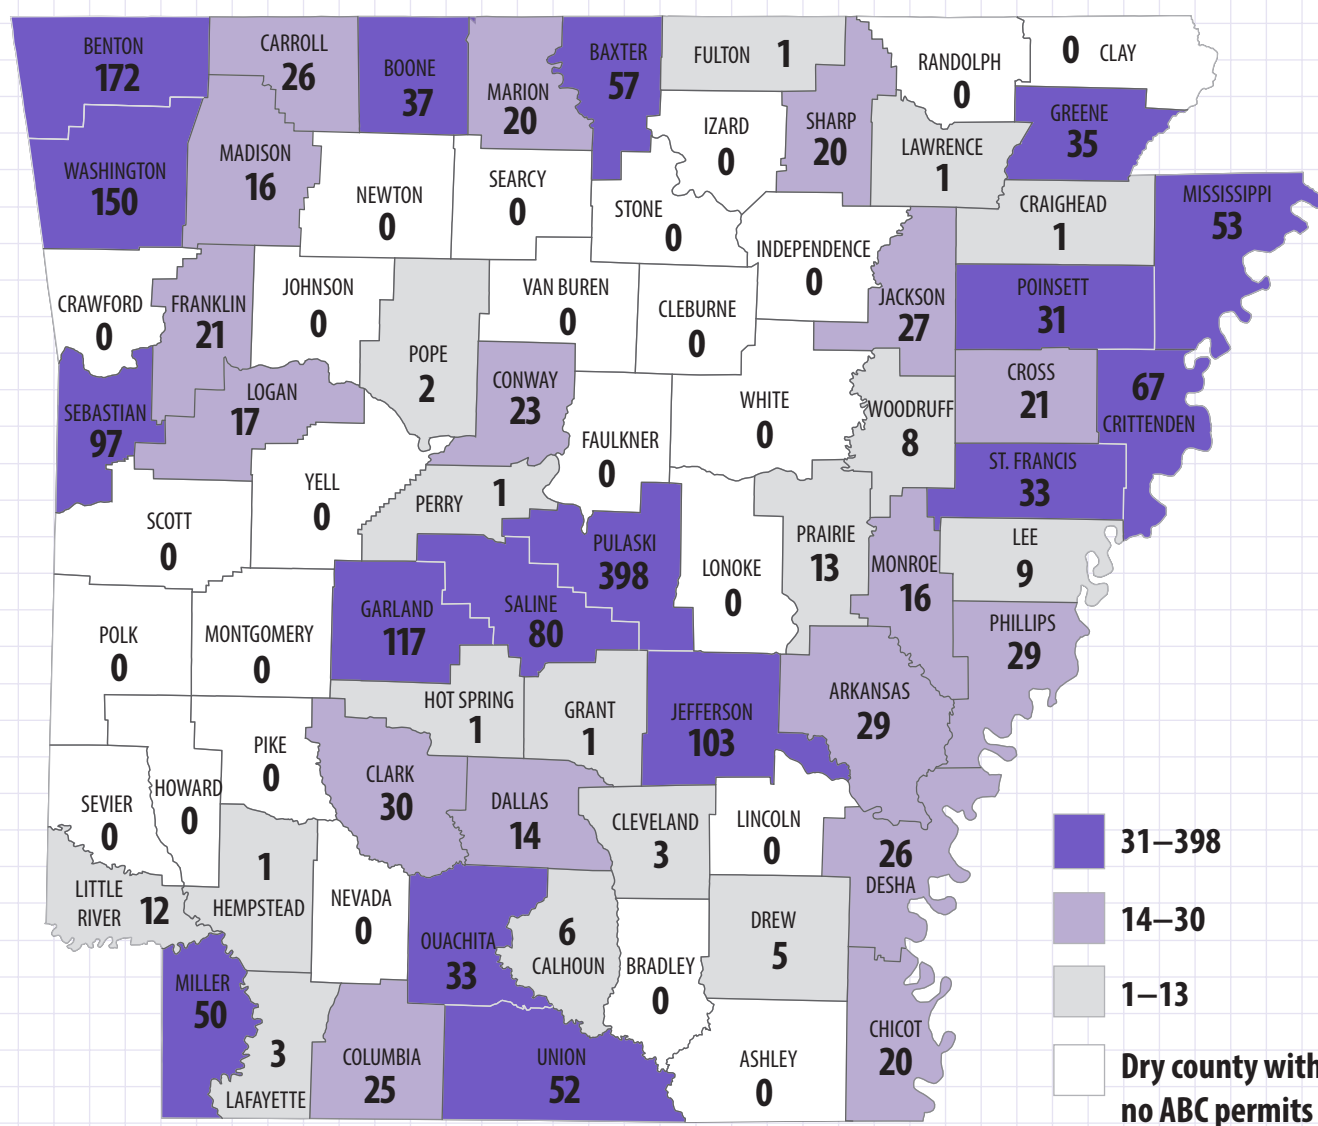

Children Living in Foster Care, 2010–2019

DEFINITION	Average daily number of children (ages 0–17) in state-supervised, family-based foster care by fiscal year per 1,000 children (ages 0–17)
SOURCE	Arkansas Department of Human Services, Division of Administrative Services, Annual Statistical Report (https://humanservices.arkansas.gov/resources/reports/statistical-reports)
DATA SHOWN	2010–2019, state fiscal year

Retail Beer Permits, 2019

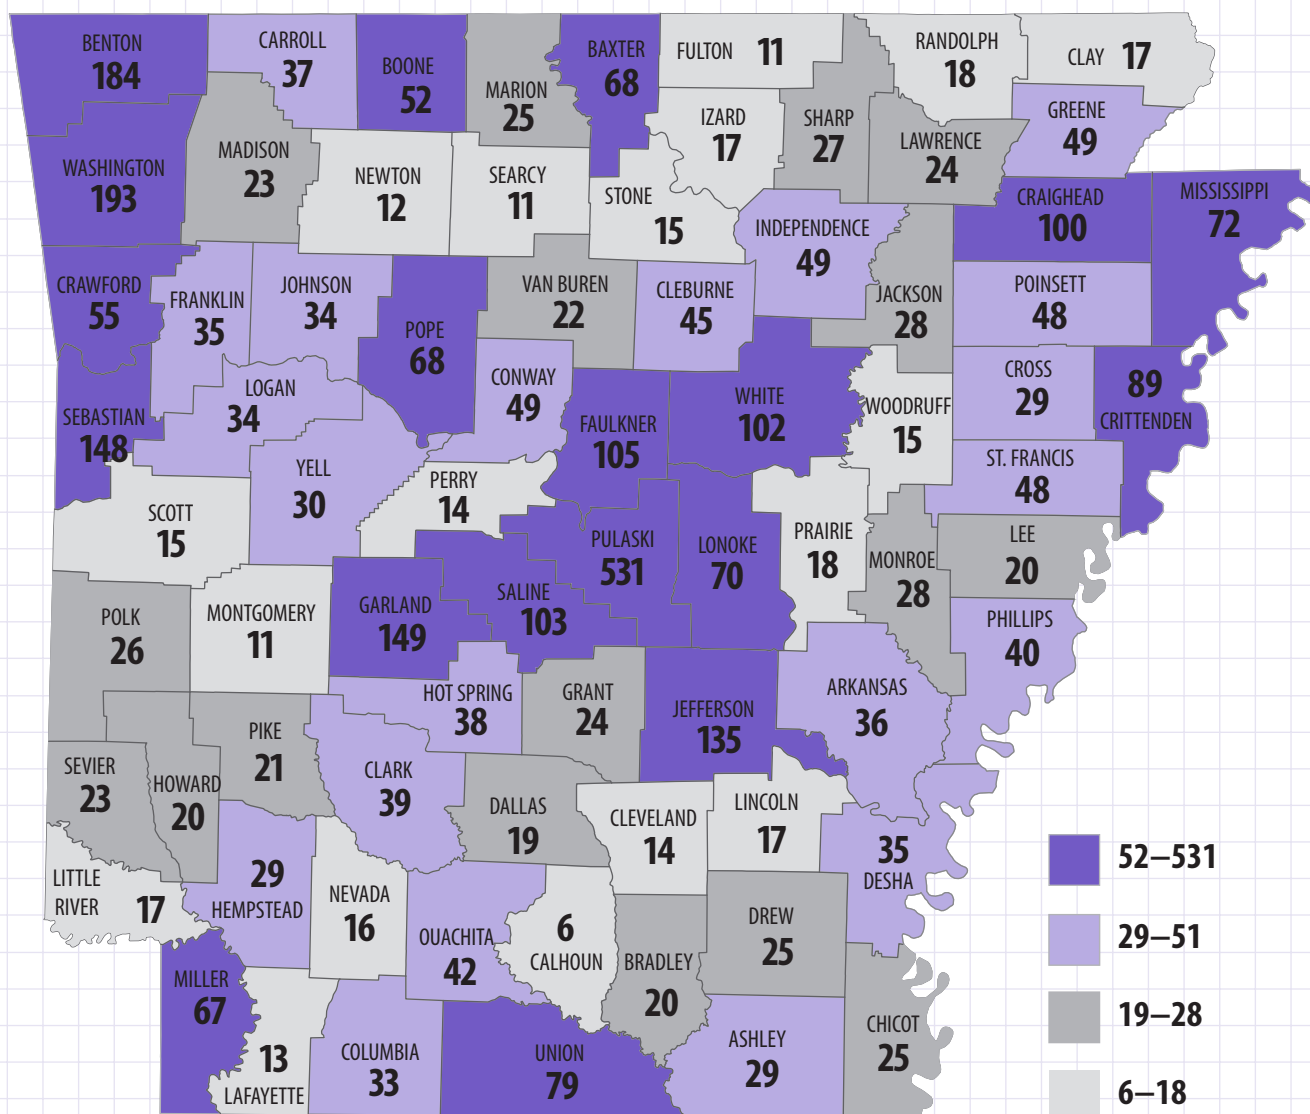

DEFINITION	Number of retail beer permits. The count includes off-premise (package stores, grocery stores, etc.) and on-premise (restaurants, bars, etc.) permits. Counties with 0 retail beer permits have private club permits. Data are not annualized. This map represents the rate of valid permits in October and November of each year. For 2019, the data includes retail beer off premises permits only.
SOURCE	Arkansas Department of Finance and Administration, Alcoholic Beverage Control (ABC)
STATE TOTAL	2,013

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

Retail and Vending Tobacco Permits, 2019

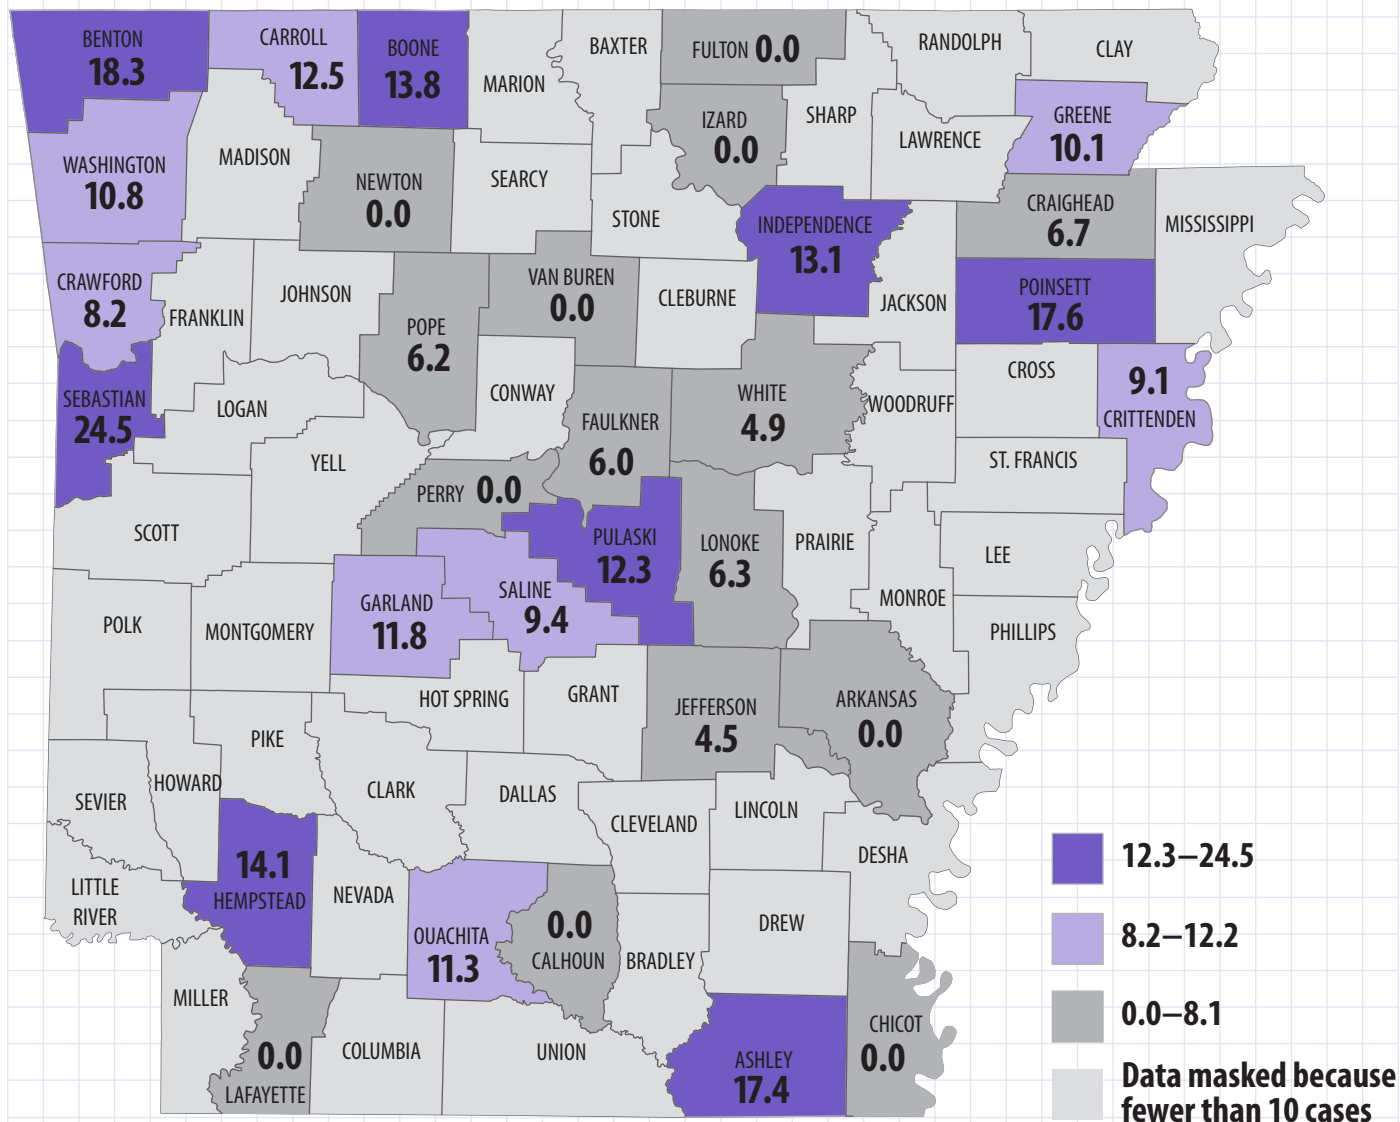

DEFINITION	Number of retail tobacco permits issued during each fiscal year. The count includes retail cigarette and tobacco permits and general tobacco product vending permits. Temporary permits are not included.
SOURCE	Arkansas Tobacco Control Board
STATE TOTAL	3,835

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

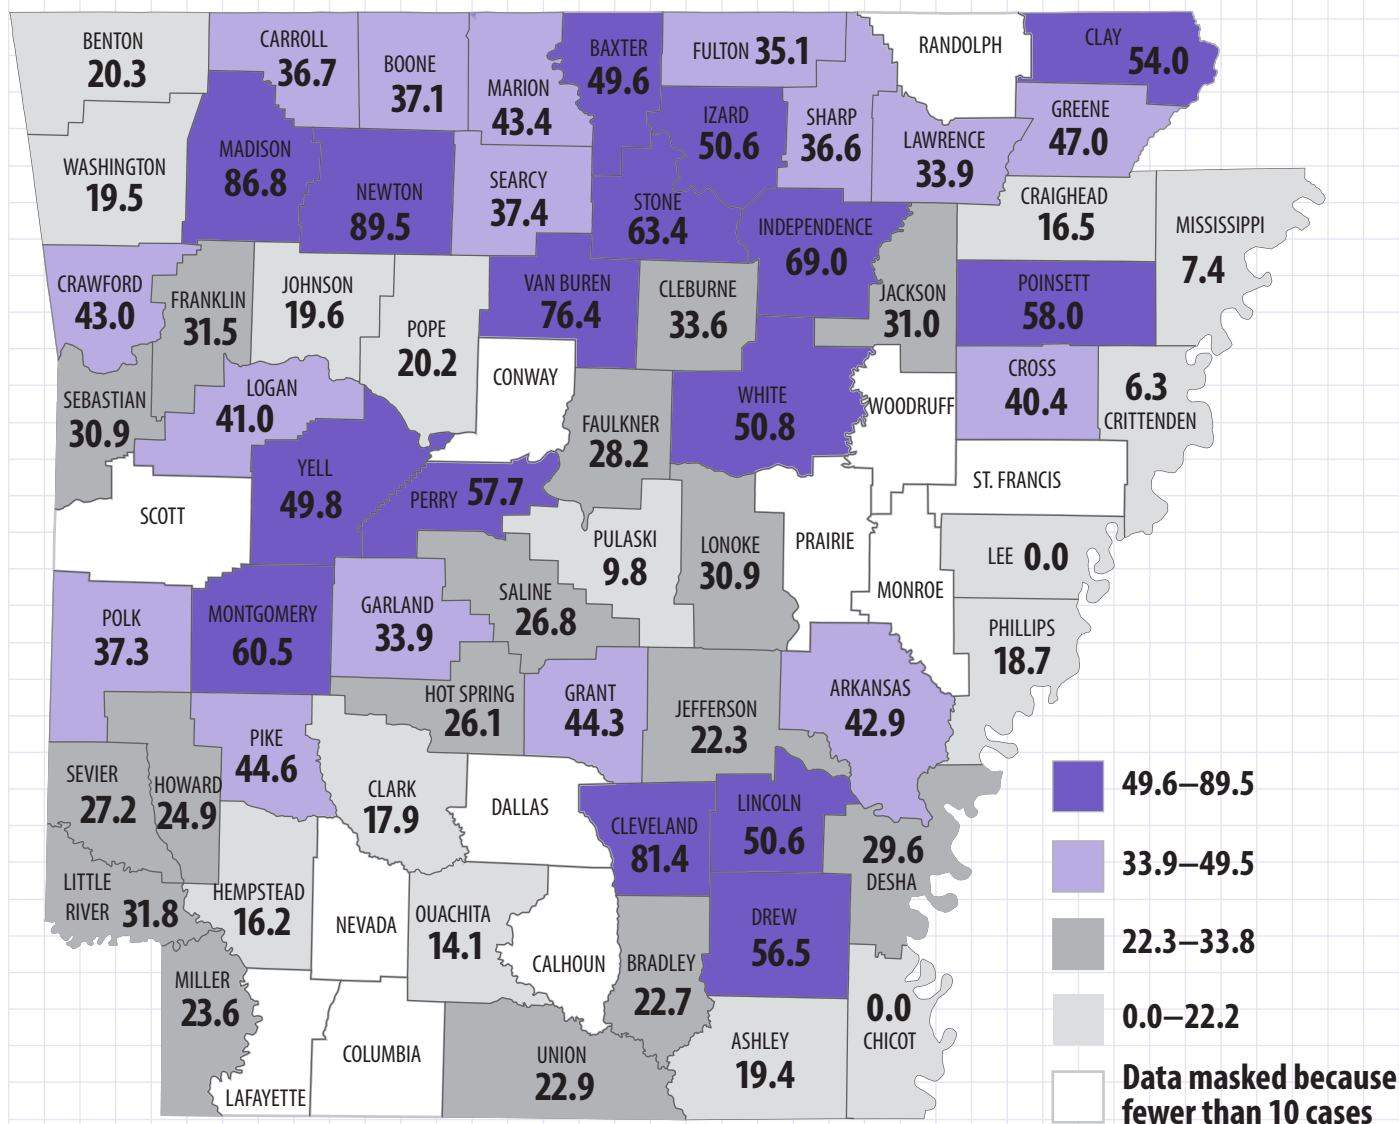

High School Drug Infractions, 2019

DEFINITION	Number of cases in which the school authority or court authority takes punitive action to reprimand the student after a violation of school drug policy. Rate is per 1,000 total high school enrollment. Values of less than 10 students have been redacted in order to satisfy privacy requirements. This number does not include tobacco infractions.
SOURCE	Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network
STATE RATE	8.5

High School Tobacco Infractions, 2019

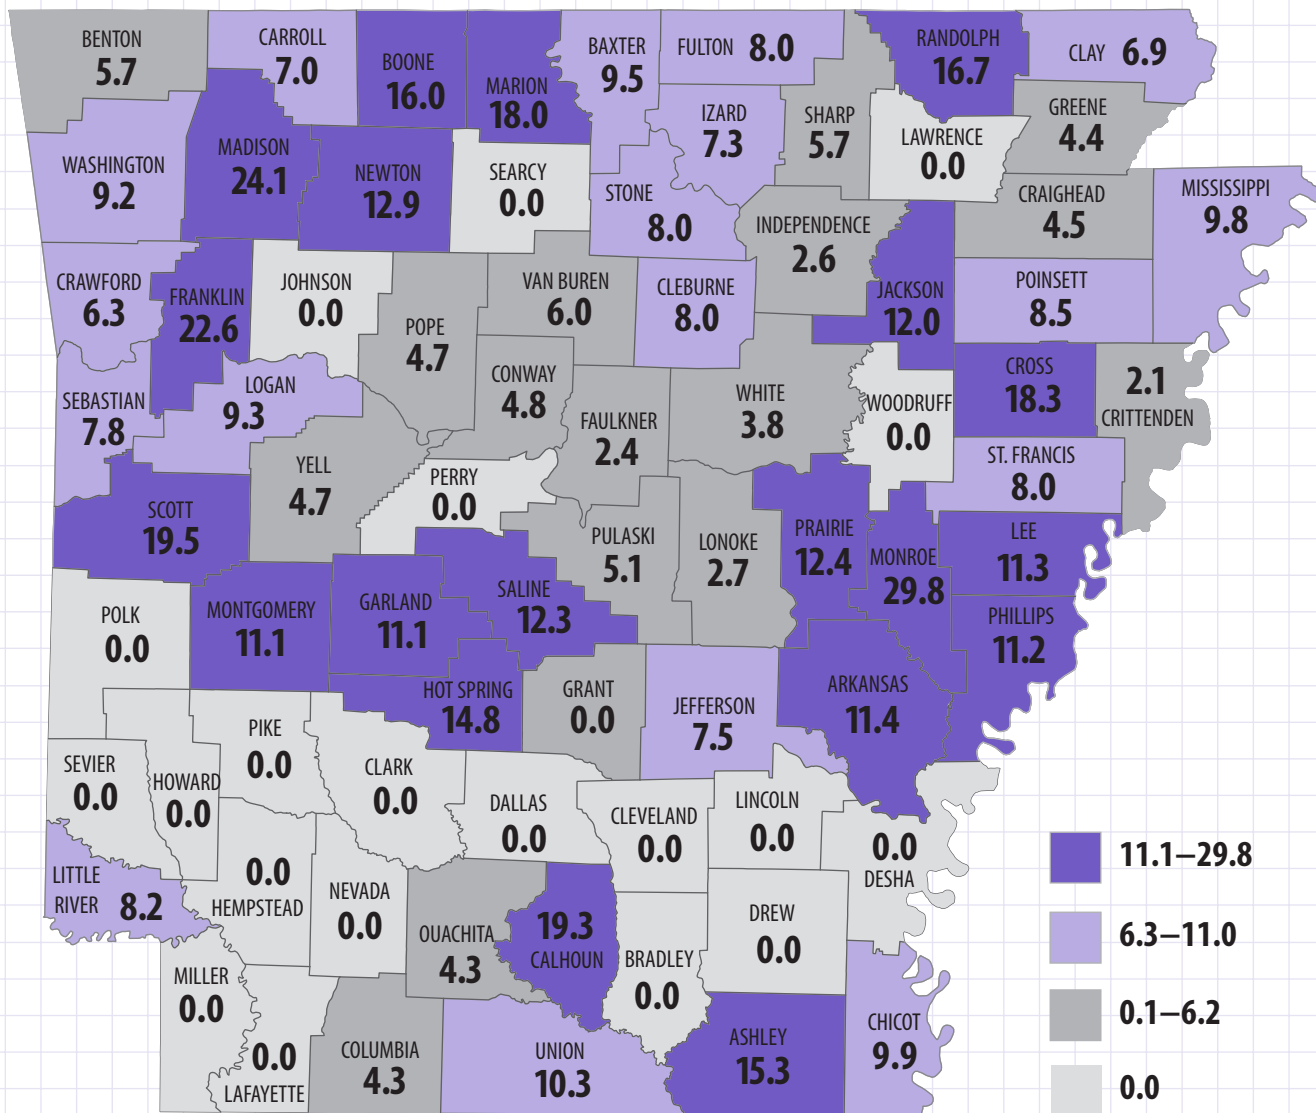

DEFINITION	Number of cases in which the school authority or court authority takes punitive action to reprimand the student after a violation of school tobacco policy. Rate is per 1,000 total high school enrollment. Values of less than 10 students have been redacted in order to satisfy privacy requirements.
SOURCE	Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network
STATE RATE	26.4

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

Alcoholic Liver Disease Deaths, 2019

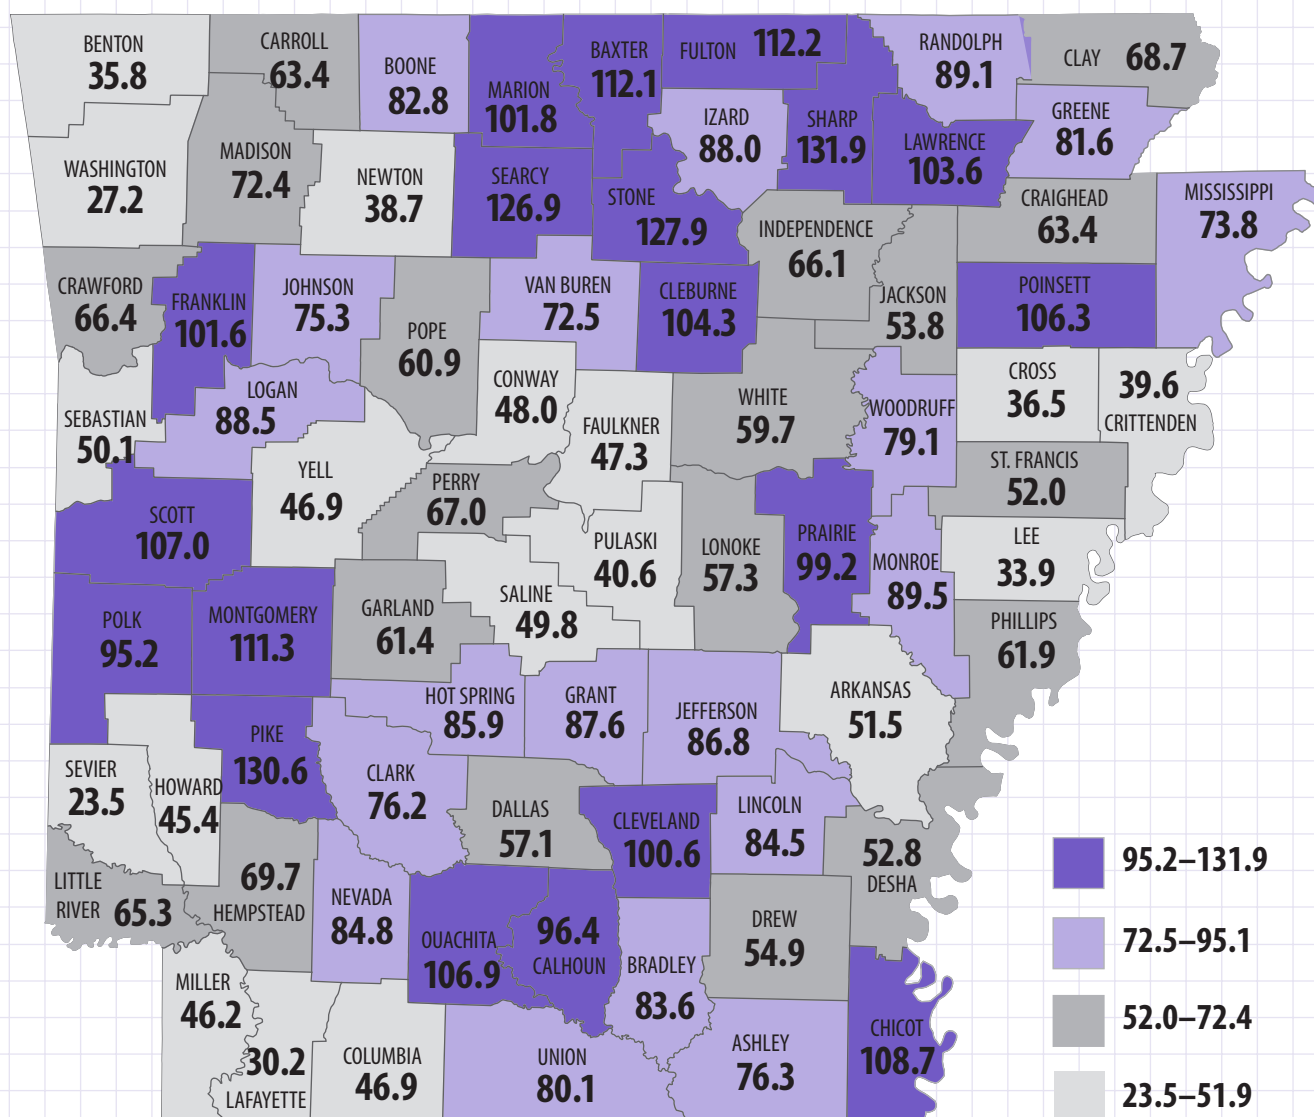

DEFINITION	Number of Arkansas deaths from alcoholic liver disease per 100,000 population
SOURCE	Arkansas Department of Health, Vital Statistics
STATE RATE	6.8

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

Lung Cancer Deaths, 2019

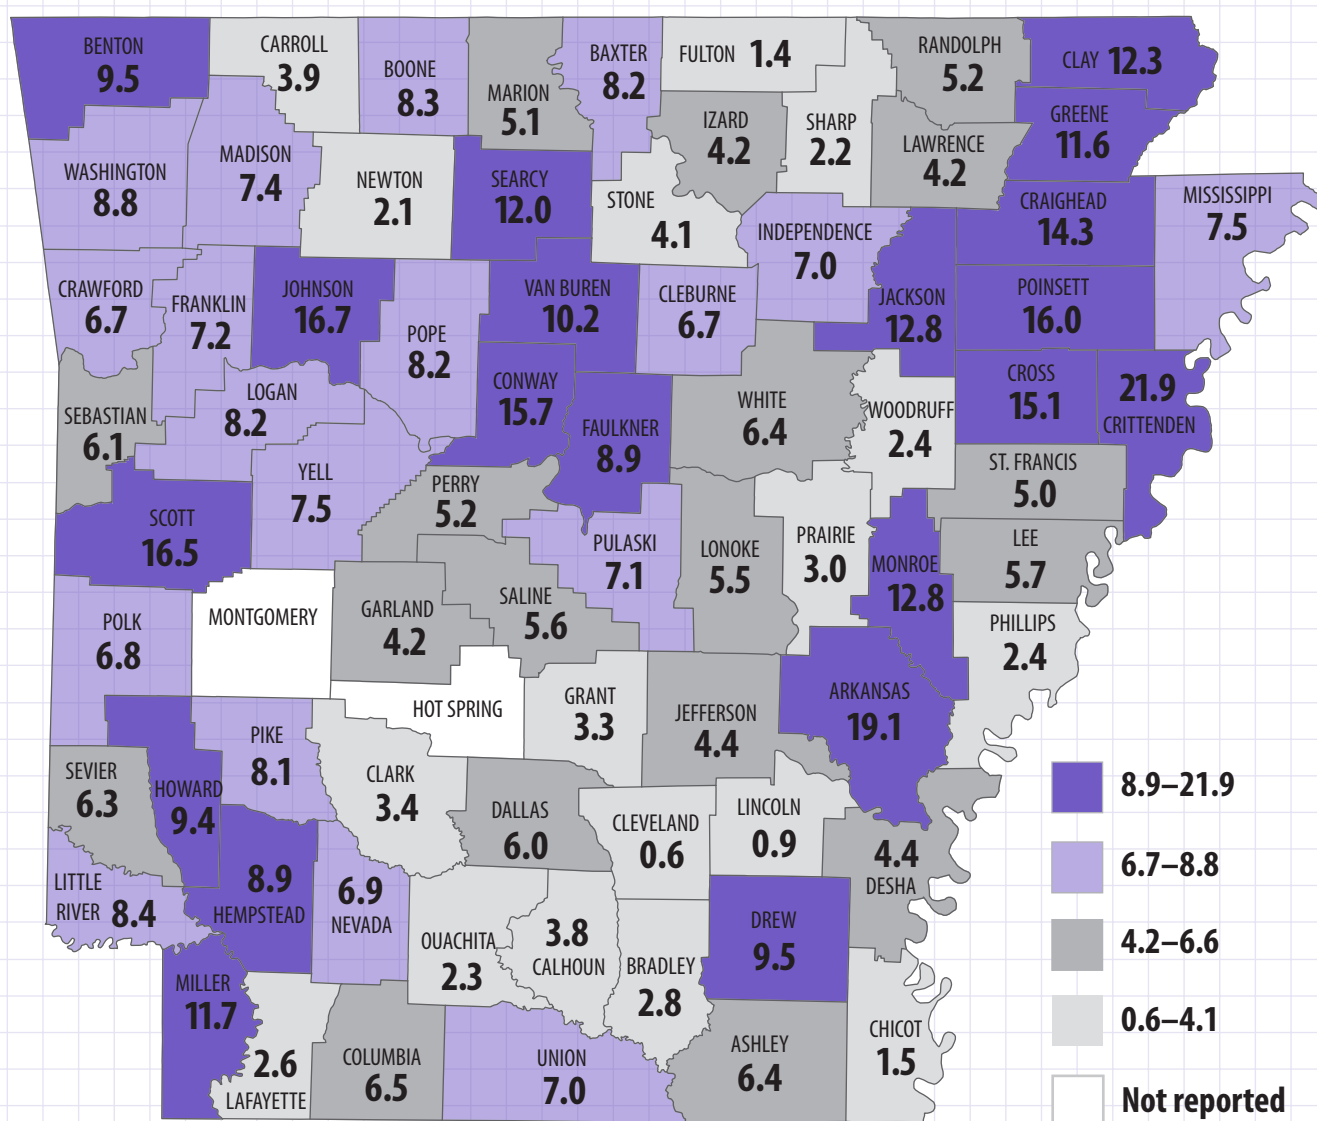

DEFINITION	Number of Arkansas deaths from malignant neoplasms of the trachea, bronchus and lung per 100,000 population
SOURCE	Arkansas Department of Health, Vital Statistics
STATE RATE	58.6

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

Arrests for Drugs or Narcotics, Adults, 2019

DEFINITION	Number of adult arrests for drug law violations (possession, sale, use, growing and manufacturing of illegal drugs) per 1,000 population ages 18 and older as reported to ACIC through NIBRS
SOURCE	Arkansas Crime Information Center, Crime in Arkansas (https://www.acic.org/crime-statistics)
STATE RATE	7.8

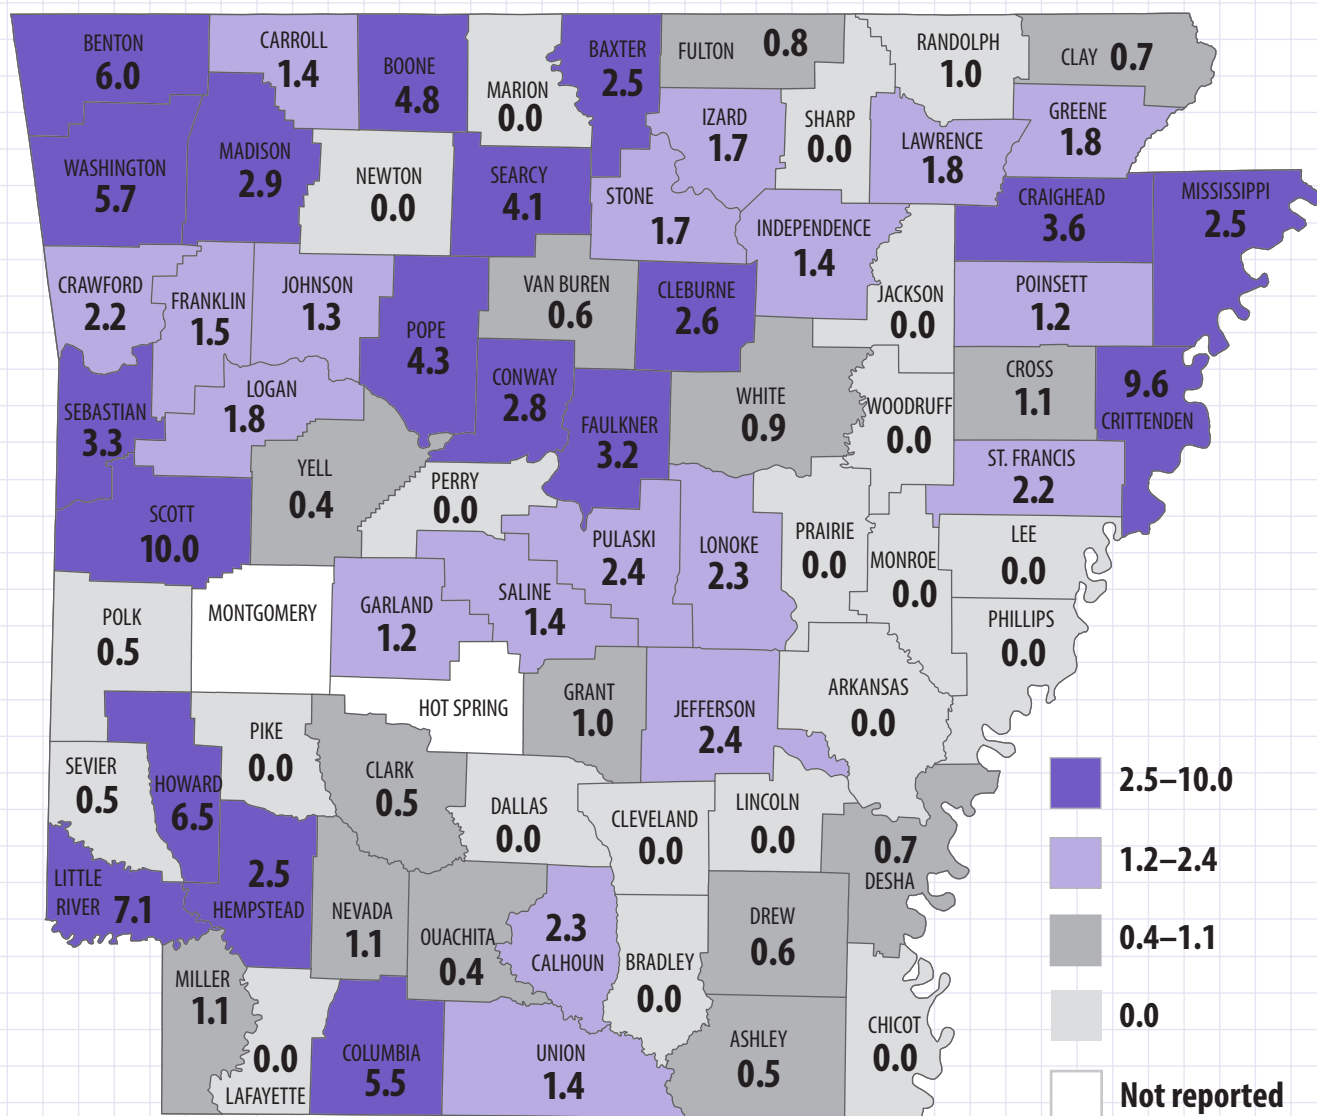

*Hot Spring and Montgomery counties did not report data for this measure to the Arkansas Crime Information Center in 2019.

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

Arrests for Drugs or Narcotics, Juveniles, 2019

DEFINITION	Number of juvenile (under age 18) arrests for drug law violations (possession, sale, use, growing and manufacturing of illegal drugs) per 1,000 population under age 18 as reported to ACIC through NIBRS
SOURCE	Arkansas Crime Information Center, Crime in Arkansas (https://www.acic.org/crime-statistics)
STATE RATE	2.9

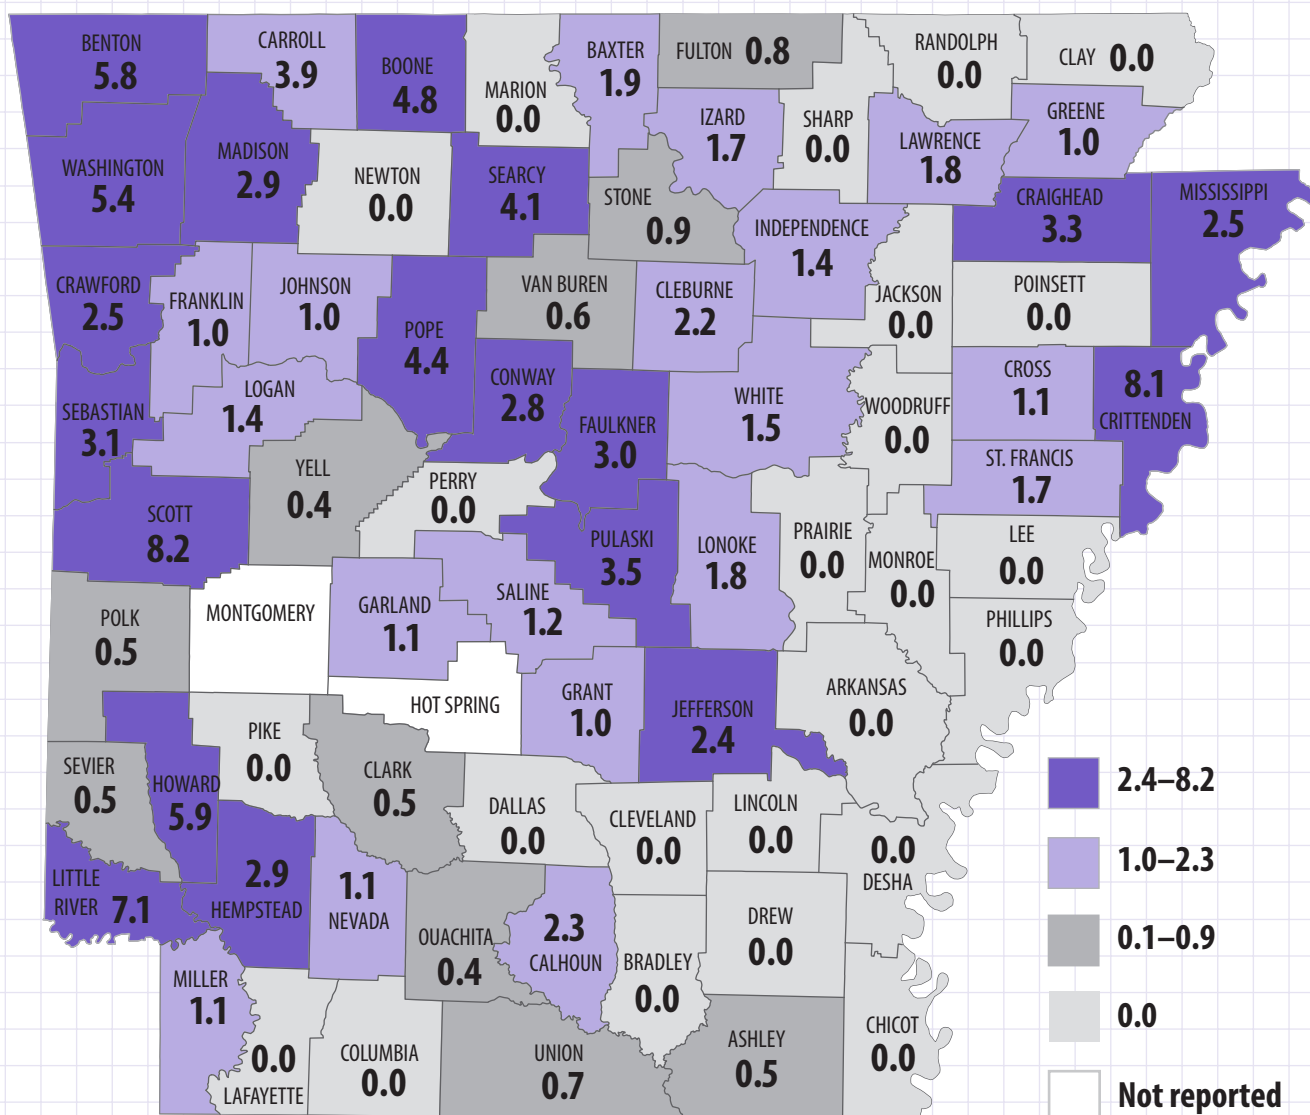

*Hot Spring and Montgomery counties did not report data for this measure to the Arkansas Crime Information Center in 2019.

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

Juvenile Arrests for Cannabis, 2019

DEFINITION	Number of juvenile arrests for cannabis law violations and rate per 1,000 population 10-17 years of age. Cannabis violations include possession, sale, use, and growing of cannabis.
SOURCE	Arkansas Crime Information Center, Arkansas Crime Statistics
STATE RATE	2.8

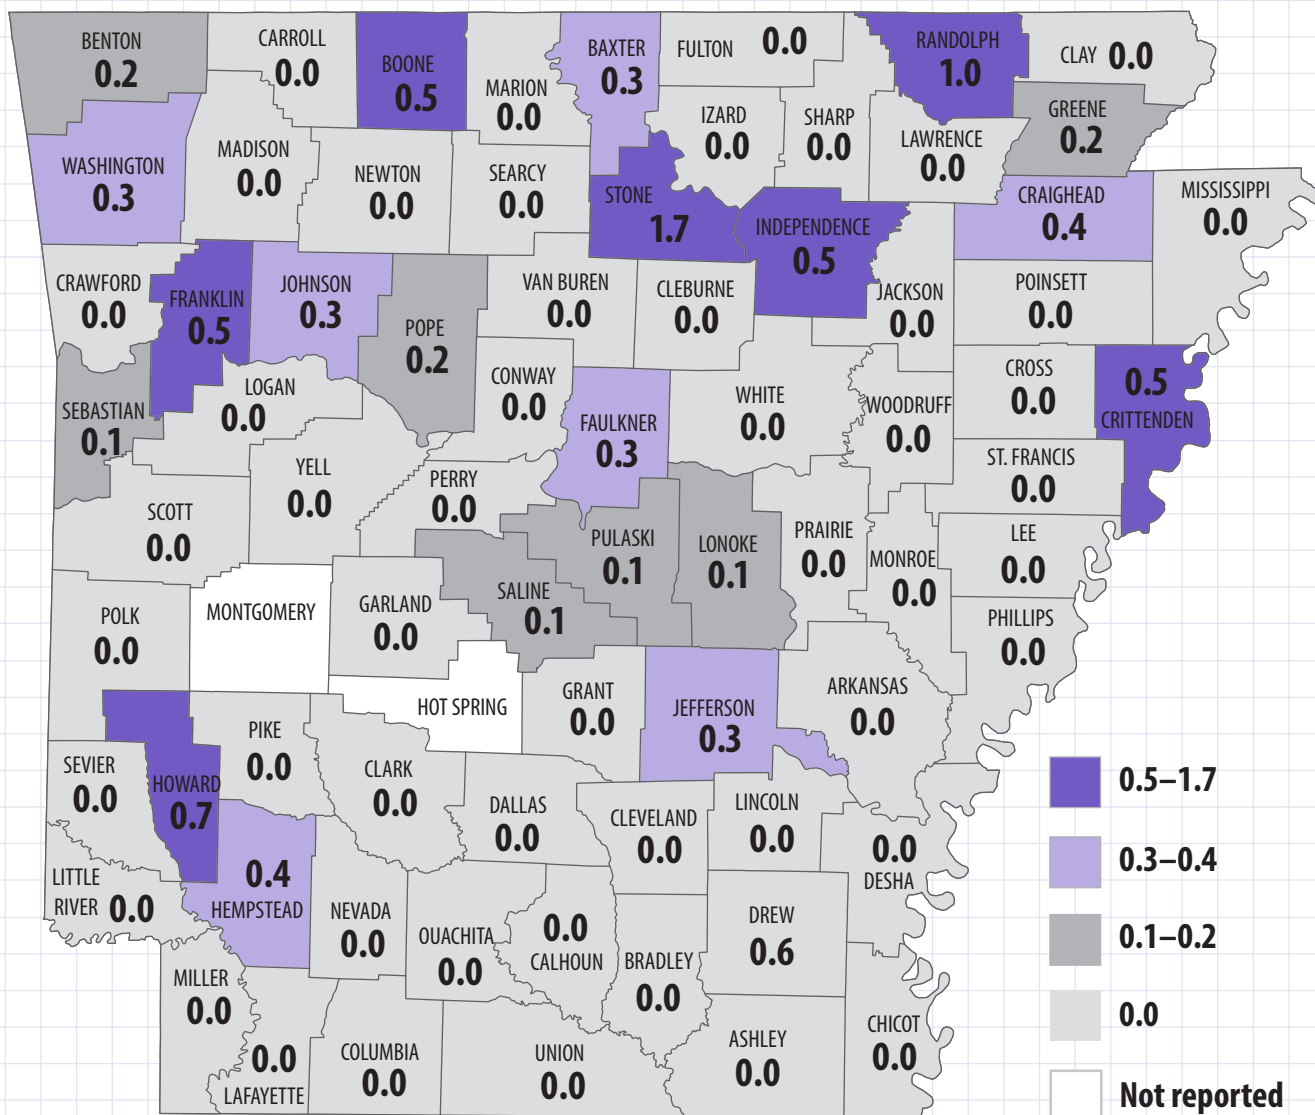

*Calhoun, Dallas, Desha and Prairie counties did not participate in the Arkansas Prevention Needs Assessment in 2019.

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

Juvenile Arrests for Prescription Drugs, 2019

DEFINITION	Number of juvenile arrests for prescription drug law violations and rate per 1,000 population 10-17 years of age. Prescription drug law violations include illegal possession, sale, and use of prescription drugs. Prescription drugs include barbiturates, morphine, opium, depressants (benzodiazepines, like Xanax and Klonopin and tranquilizers or antipsychotics, like Seroquel and Haldol) and stimulants (medications like Adderall, Vyvanse and Ritalin).
SOURCE	Arkansas Crime Information Center, Arkansas Crime Statistics
STATE RATE	0.2

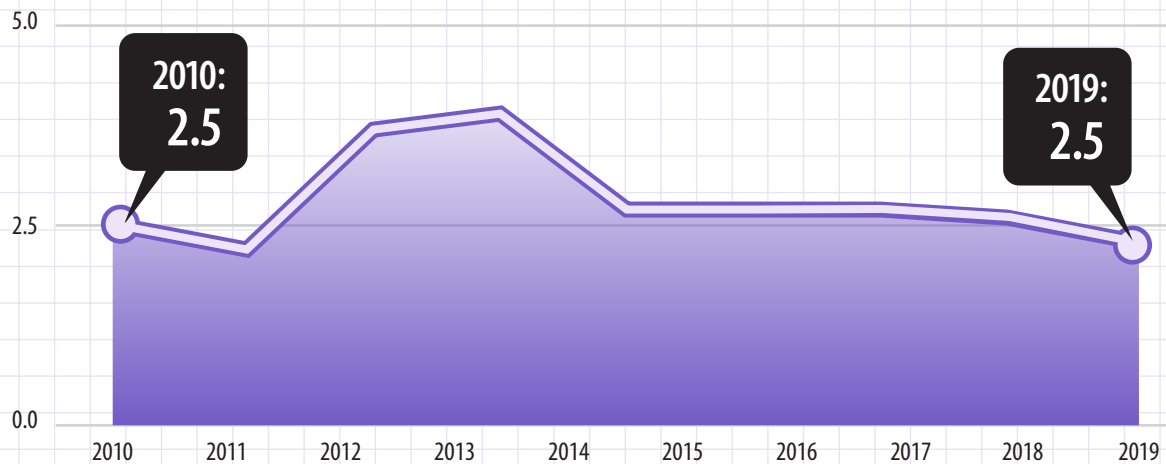

*Hot Spring and Montgomery counties did not report data for this measure to the Arkansas Crime Information Center in 2019.

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

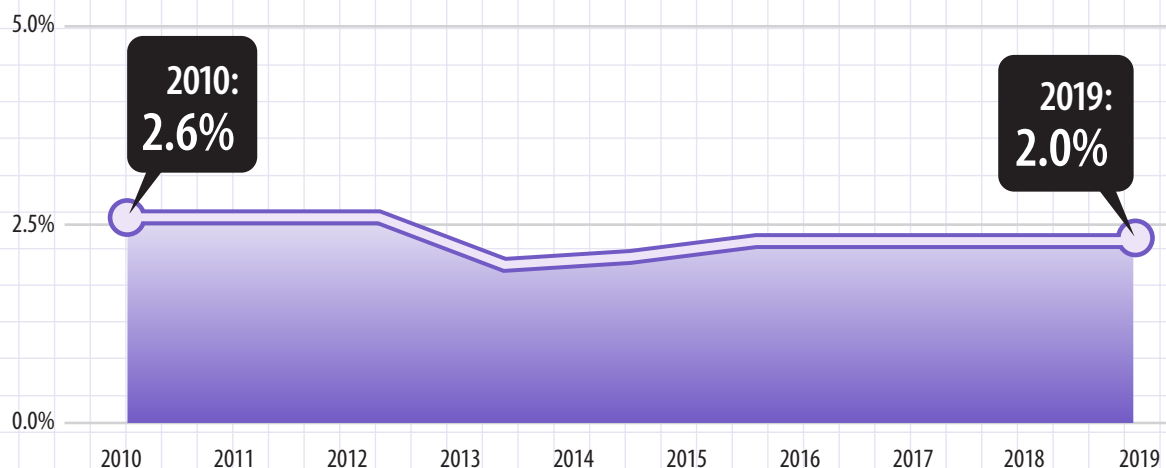

High School Assaults on Other Students or Staff, 2010–2019

DEFINITION	Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student after an assault on a student or staff member per 1,000 total enrollment
SOURCE	Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network
DATA SHOWN	2010–2019, June of each fiscal year

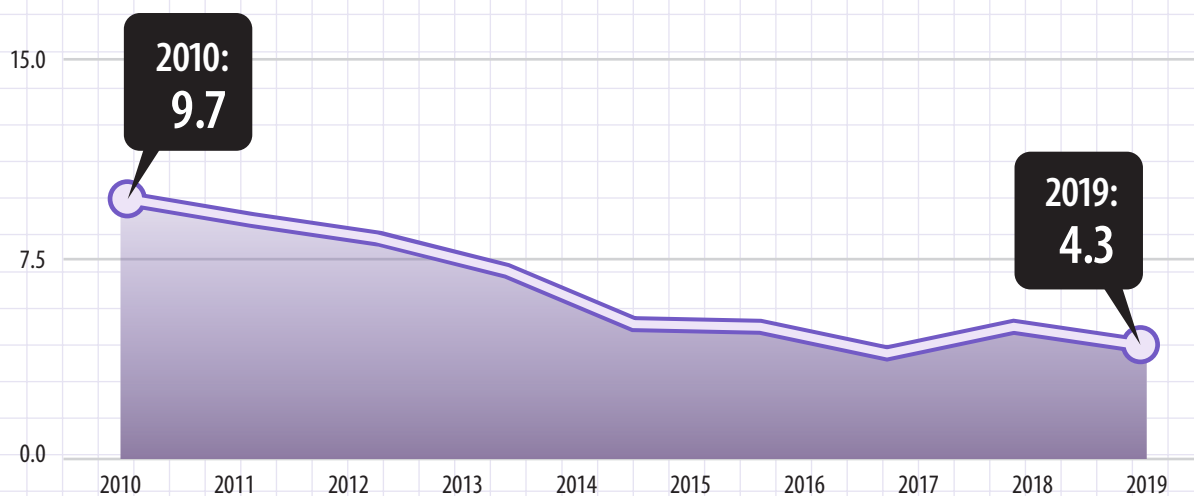

High School Dropouts, 2010–2019

DEFINITION	Students dropping out or withdrawing from school in grades 7–12 from Oct. 31 of one school year through Oct. 31 of the next year giving one of the following reasons: failing grades, suspended or expelled, lack of interest, conflict with school, economic hardship, pregnancy/marriage, peer conflict, enrolled in GED, alcohol/drugs, health problems, or other. The rate is expressed as a percentage of all students enrolled in grades 7–12 as of Oct. 1 of the previous year.
SOURCE	Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network (https://adedata.arkansas.gov/statewide/)
DATA SHOWN	2010–2019, June of each fiscal year

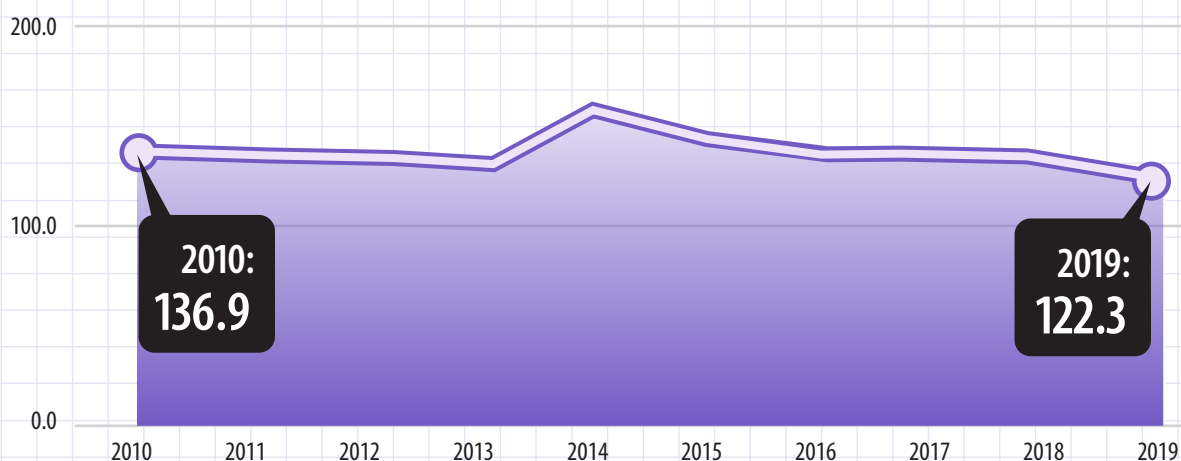

Births to Adolescent Mothers, 2010–2019

DEFINITION	Number of live births to girls age 10–17 per 1,000 girls ages 10–17
SOURCE	Arkansas Department of Health, Center for Health Statistics
DATA SHOWN	2010–2019, calendar year

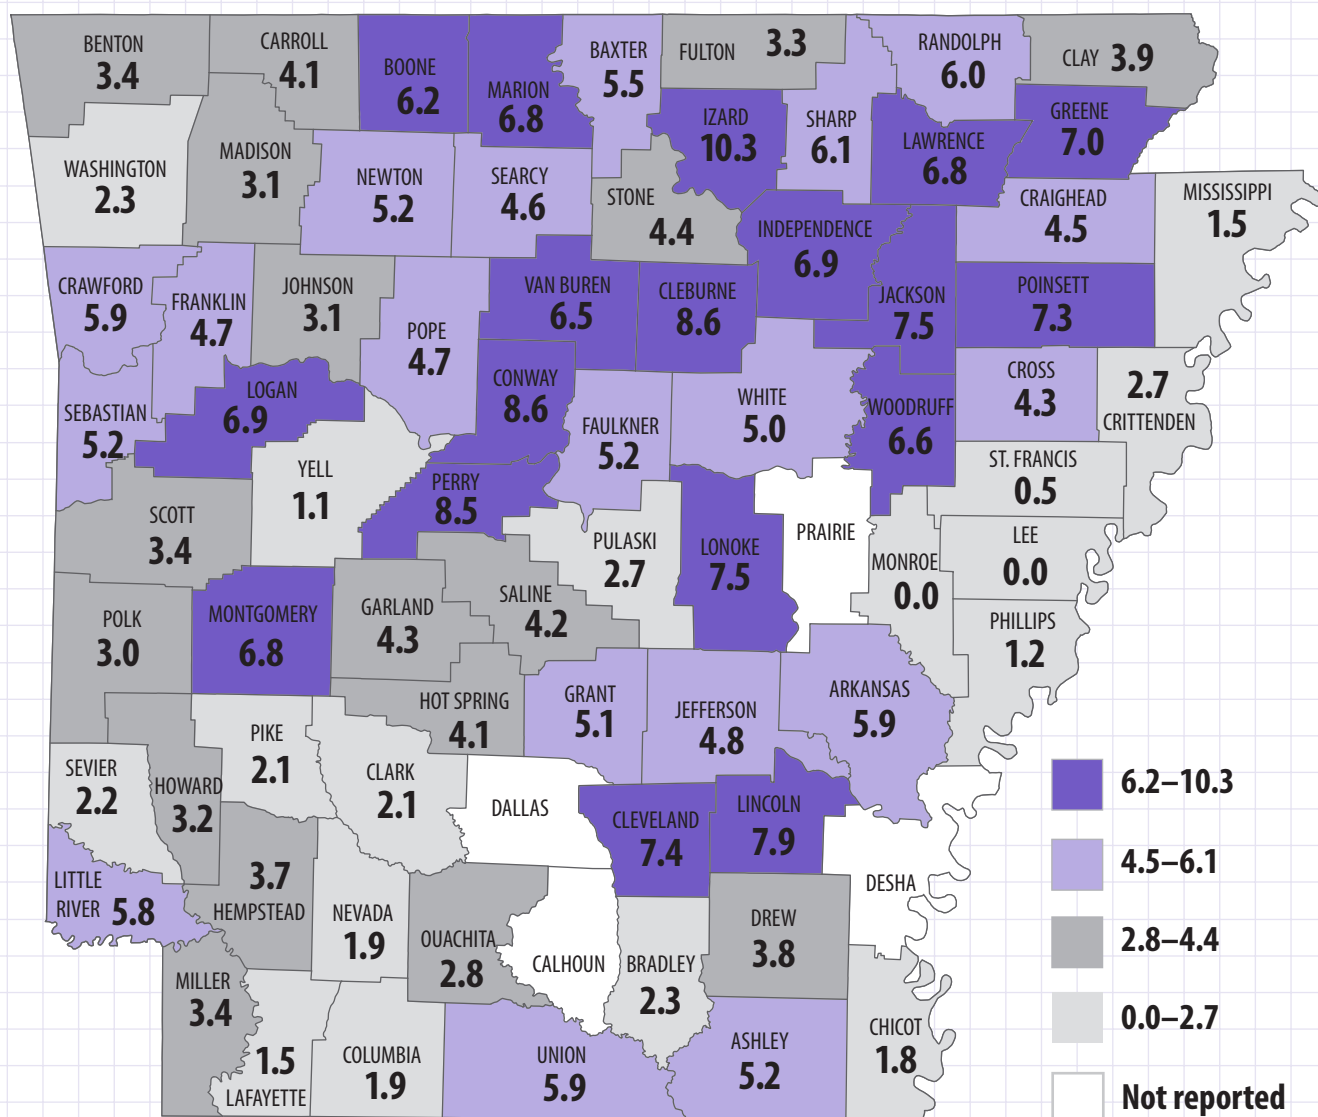

Births to Women Using Tobacco During Pregnancy, 2010–2019

DEFINITION	Number of births to women who used tobacco during their pregnancy and rate per 1,000 total births
SOURCE	Arkansas Department of Health, Center for Health Statistics
DATA SHOWN	2010–2019, calendar year

Juvenile Rate of Use for E-Cigarettes/Vape Devices, 2019

DEFINITION	Percent of juveniles who report regularly using e-cigarettes/vape devices.
SOURCE	Arkansas Prevention Needs Assessment (https://arkansas.pridesurveys.com/counties.php?year=2019)
STATE RATE	4.2

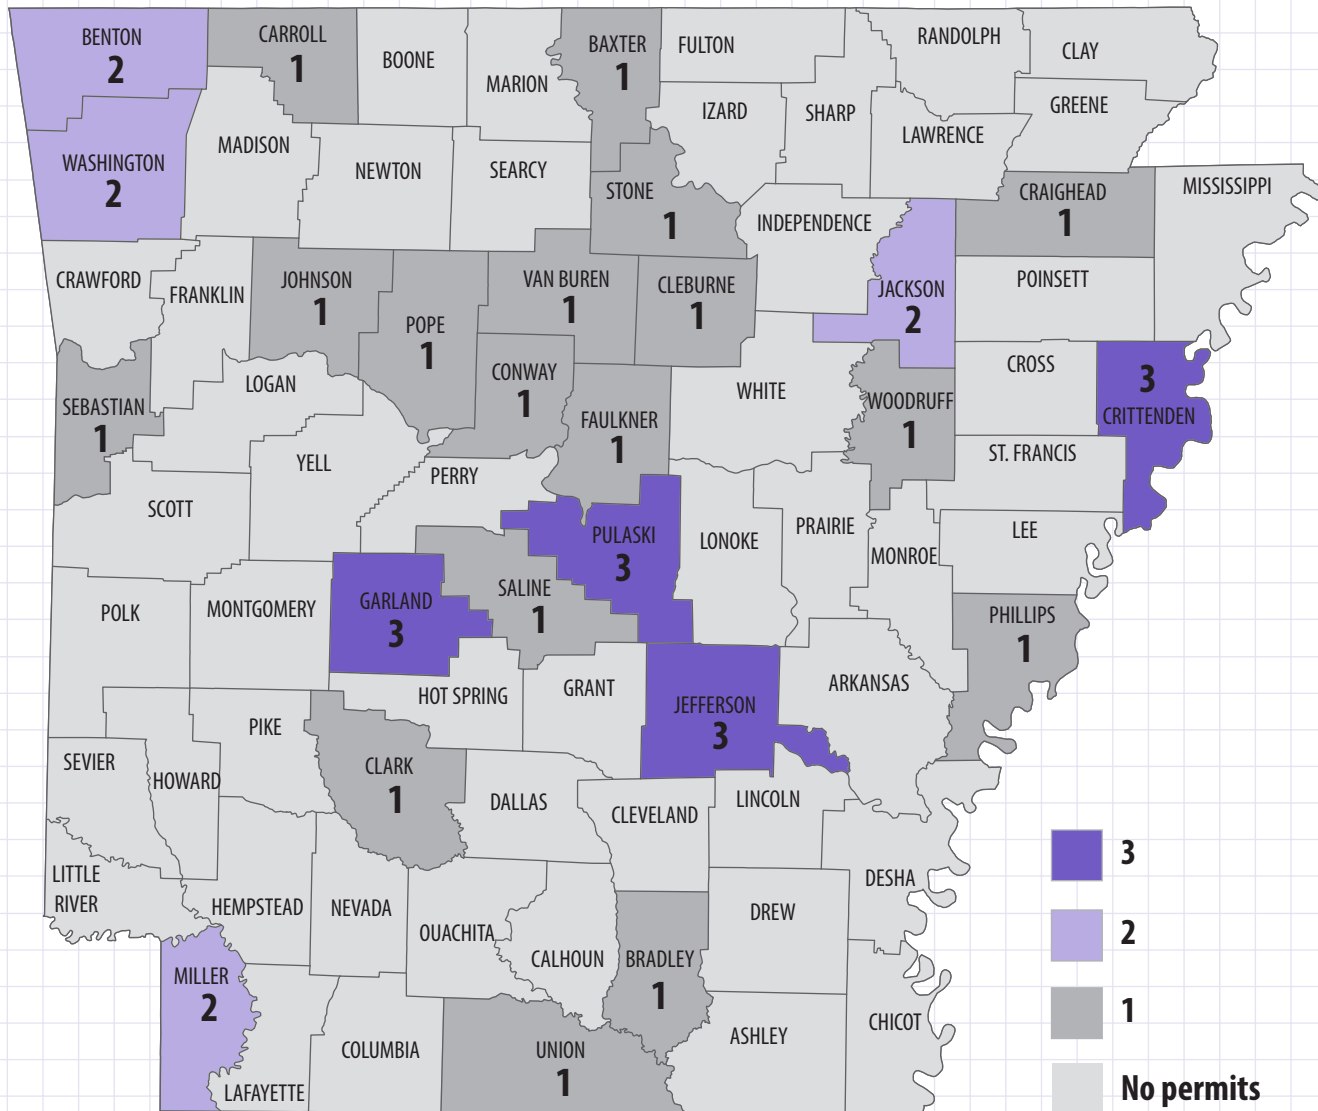

*Calhoun, Dallas, Desha and Prairie counties did not participate in the Arkansas Prevention Needs Assessment in 2019.

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

Cannabis Cultivators and Dispensaries, 2019

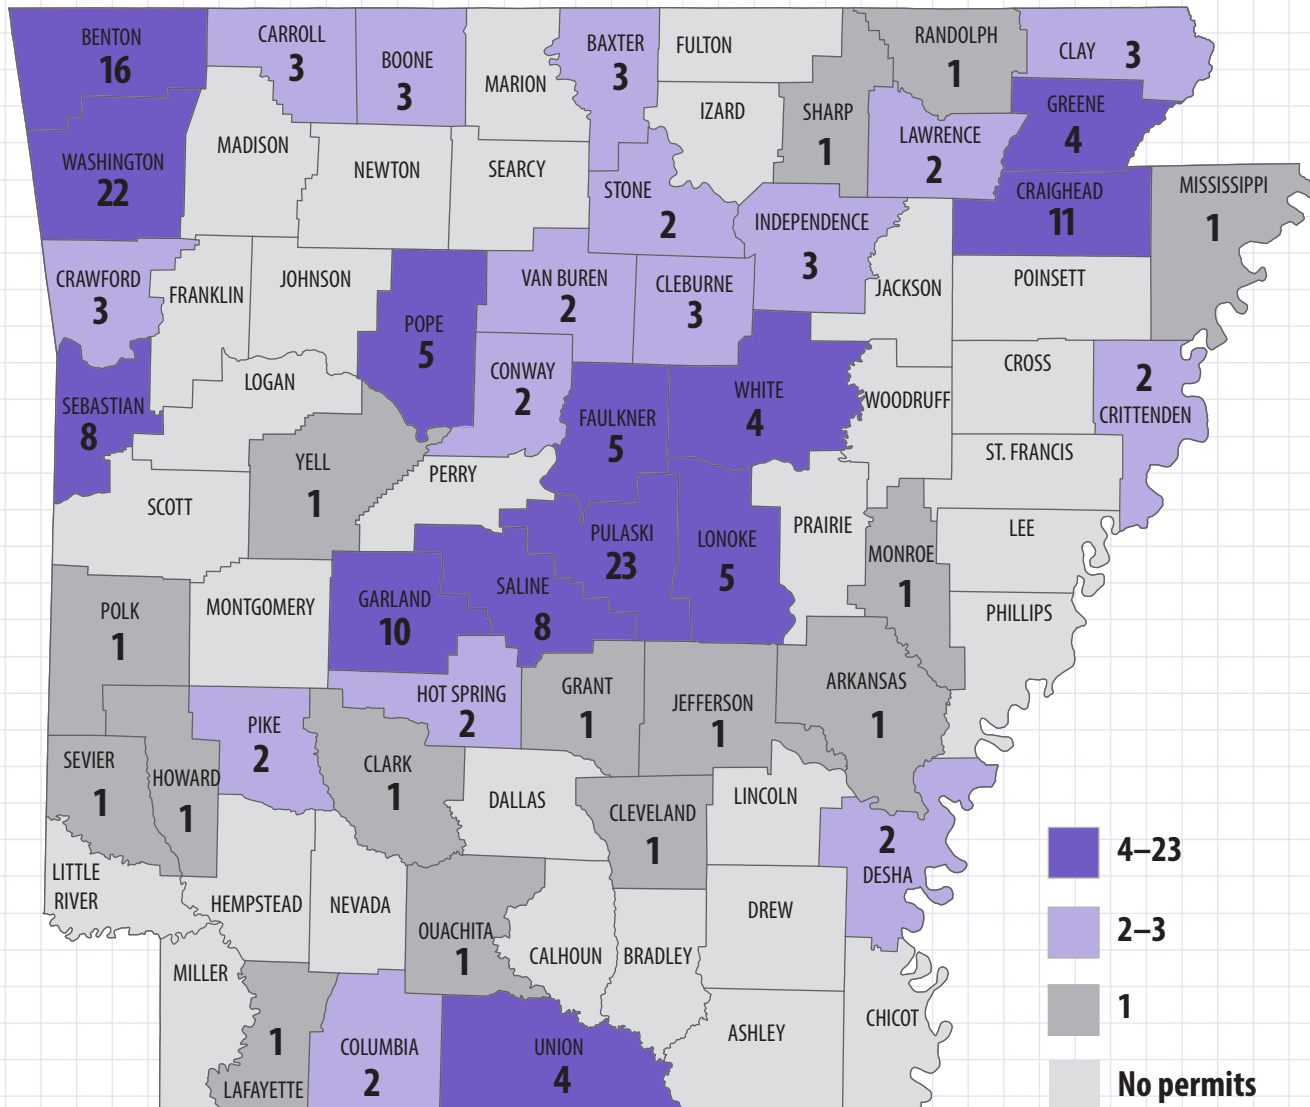

DEFINITION	Number of cannabis cultivations and dispensaries. A cultivation refers to the growing of cannabis. A dispensary is location in which a person can purchase cannabis and cannabis related items for medicinal use. In a medical cannabis dispensary store, a patient receives cannabis as allowed per the patient's doctor's recommendation.
SOURCE	Arkansas Department of Finance and Administration, Division of Arkansas Tobacco Control
STATE TOTAL	37

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

E-Cigarette/Vape Device Distributors, 2019

DEFINITION	Number of retail e-cigarette and vaping distribution permits issued during each fiscal year.
SOURCE	Arkansas Department of Finance and Administration, Division of Arkansas Tobacco Control
STATE TOTAL	179

NOTE: Ranges displayed on the maps are expressed as quartile ranges. Since data are constantly changing across the state, ranges will vary year to year. Ranges are displayed as a reference for county-level comparison in an individual year.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Lack of Commitment to School										
• Dropouts for "lack of interest" (%)	7	0.5	5	0.4	1	0.1	2	0.1	0	0.0

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

• Deaths from alcoholic liver disease (per 100k)	0	0.0	0	0.0	0	0.0	0	0.0	3	16.7 ✓

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

• Lung cancer deaths (per 100k)	5	28.9	6	35.5	5	29.2	10	58.3	4	23.5
• Deaths from alcoholic liver disease (per 100k)	2	11.6	0	0.0	0	0.0	0	0.0	1	5.9

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

■ Lack of Commitment to School										
• Dropouts for "lack of interest" (%)	0	0.0	1	0.3	0	0.0	0	0.0	0	0.0

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

• Status dropouts (%)	2,031	16.0	2,095	16.6	1,861	15.4	1,792	15.0	1,629	14.1
■ Lack of Commitment to School										
• Dropouts for "lack of interest" (%)	14	0.1	21	0.2	26	0.3	17	0.2	18	0.2

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

■ Lack of Commitment to School										
• Dropouts for "lack of interest" (%)	4	0.2	14	0.6	4	0.2	1	0.0	4	0.2

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

Some data are reported by fiscal year, some are reported by calendar year, and others are reported on a specific census date or five-year estimates. Consult the "Definitions and Notes" section for specific information. All rates are per 1,000 unless otherwise indicated.

✓ Indicates a greater occurrence of the given risk factor indicator at the county or region level than at the state level for the most recent year available. For most indicators, this means that the county or region rate is greater than the state rate. For some indicators, however, (New Home Construction and some Educational Attainment indicators) it means that the county or region rate is lower than the state rate. For Net Migration, the symbol simply indicates a net loss in population.

RISK FACTORS

FOR ADOLESCENT DRUG
AND ALCOHOL ABUSE IN ARKANSAS

2020

Definitions and Notes

DEFINITIONS AND NOTES

CENSUS AND POPULATION DATA PRESENTED IN THIS REPORT

All population figures, including those for census years, are estimates of population as of July 1 of each year. Since census data are as of April 1, estimates are necessary for year 2010. These population estimates are revised periodically. As a result, the population figures in this book and the rates calculated with them will not necessarily match those in previous editions of this publication. Census 2010 was conducted using a short form with the American Community Survey (ACS) developed to replace the long form of the census. 2010 county-level census data was used where available. Where previous indicator data collected from decennial census were not available, five-year estimates from the American Community Survey were used. Estimate data represent data collected from 2011–2015, 2012–2016, 2013–2017, 2014–2018 and 2015–2019. While they are recorded in the last year's column, they should not be viewed as point in time data estimates.

CAUTIONS REGARDING THE ARREST DATA PRESENTED IN THIS REPORT

Starting in 2002, the Arkansas Crime Information Center (ACIC) began a transition to a new incident-based arrest reporting system. This transition period has involved the statewide installation of new software, upgraded hardware and ongoing training. During this period, many jurisdictions were unable to maintain dual reporting systems. In 2005, approximately 63% of Arkansas jurisdictions used the National Incident-Based Reporting System (NIBRS) format, 32% used the older summary format and the remaining 5% failed to submit any arrest data for the year. Users should be aware that arrest data from recent years may not have the same reliability as earlier data and that a valid comparison cannot be made between summary data and NIBRS data. Detailed information about how arrest data are collected and reported can be found in the Crime in Arkansas report available at the ACIC web page (acic.org). Three data elements shown in the report (total arrests for crime index offenses, total arrests for property offenses and total arrests for violent crimes) are actually offense counts and not arrest counts.

RATES

Rates for data collected by fiscal years are calculated using the population data from the last half of the fiscal year. For example, the rate of children living in foster care per 1,000 children for FY 2019 (July 1, 2018, through June 30, 2019) is calculated by dividing the FY

2019 number of children in foster care by the population under 18 in calendar year 2019 and multiplying the result by 1,000.

THE RISK FACTORS PRESENTED IN THIS REPORT

The indicators presented in the tables of this publication were chosen to be measures of selected risk factors that longitudinal research has identified as precursors to adolescent drug and alcohol abuse. These risk factors are grouped into the domains of community, family, school and peer/individual. These categories are the work of J. David Hawkins and Richard F. Catalano of the Social Development Research Group at the University of Washington. The selected risk factors are listed below, and the accompanying definitions and explanations are drawn from the work of Hawkins and Catalano and from Arkansas Prevention Needs Assessment Student Survey, State Report: 2002, published by the Arkansas Department of Human Services.

COMMUNITY DOMAIN

- **Availability of alcohol, tobacco and other drugs:** The use of alcohol, tobacco and other drugs by adolescents is related to the availability of cigarettes, alcohol, cannabis and other illegal drugs in a community. The availability of handguns is also related to a higher risk of crime and substance use by adolescents.
- **Community disorganization:** Research has shown that high population density, physical deterioration and high rates of adult crime in a community are related to higher rates of juvenile crime.
- **Extreme economic deprivation:** Social isolation, extreme poverty and poor living conditions place children at elevated risk of chronic drug and alcohol abuse.
- **Community and personal transitions and mobility:** Neighborhoods with high rates of residential mobility have been shown to have higher rates of juvenile crime and drug selling, while children who experience frequent residential moves and stressful life transitions have been shown to have higher risk for school failure, delinquency and drug use.

FAMILY DOMAIN

- **Family conflict:** Children raised in families high in conflict, whether or not the child is directly involved in the conflict, appear at risk for both delinquency and drug use.
- **Family history of high risk behavior:** Children raised in families with a history of problems like drug and alcohol abuse, lack of commitment to school, or adolescent pregnancy are more likely to also exhibit these problems.

FAMILY DOMAIN

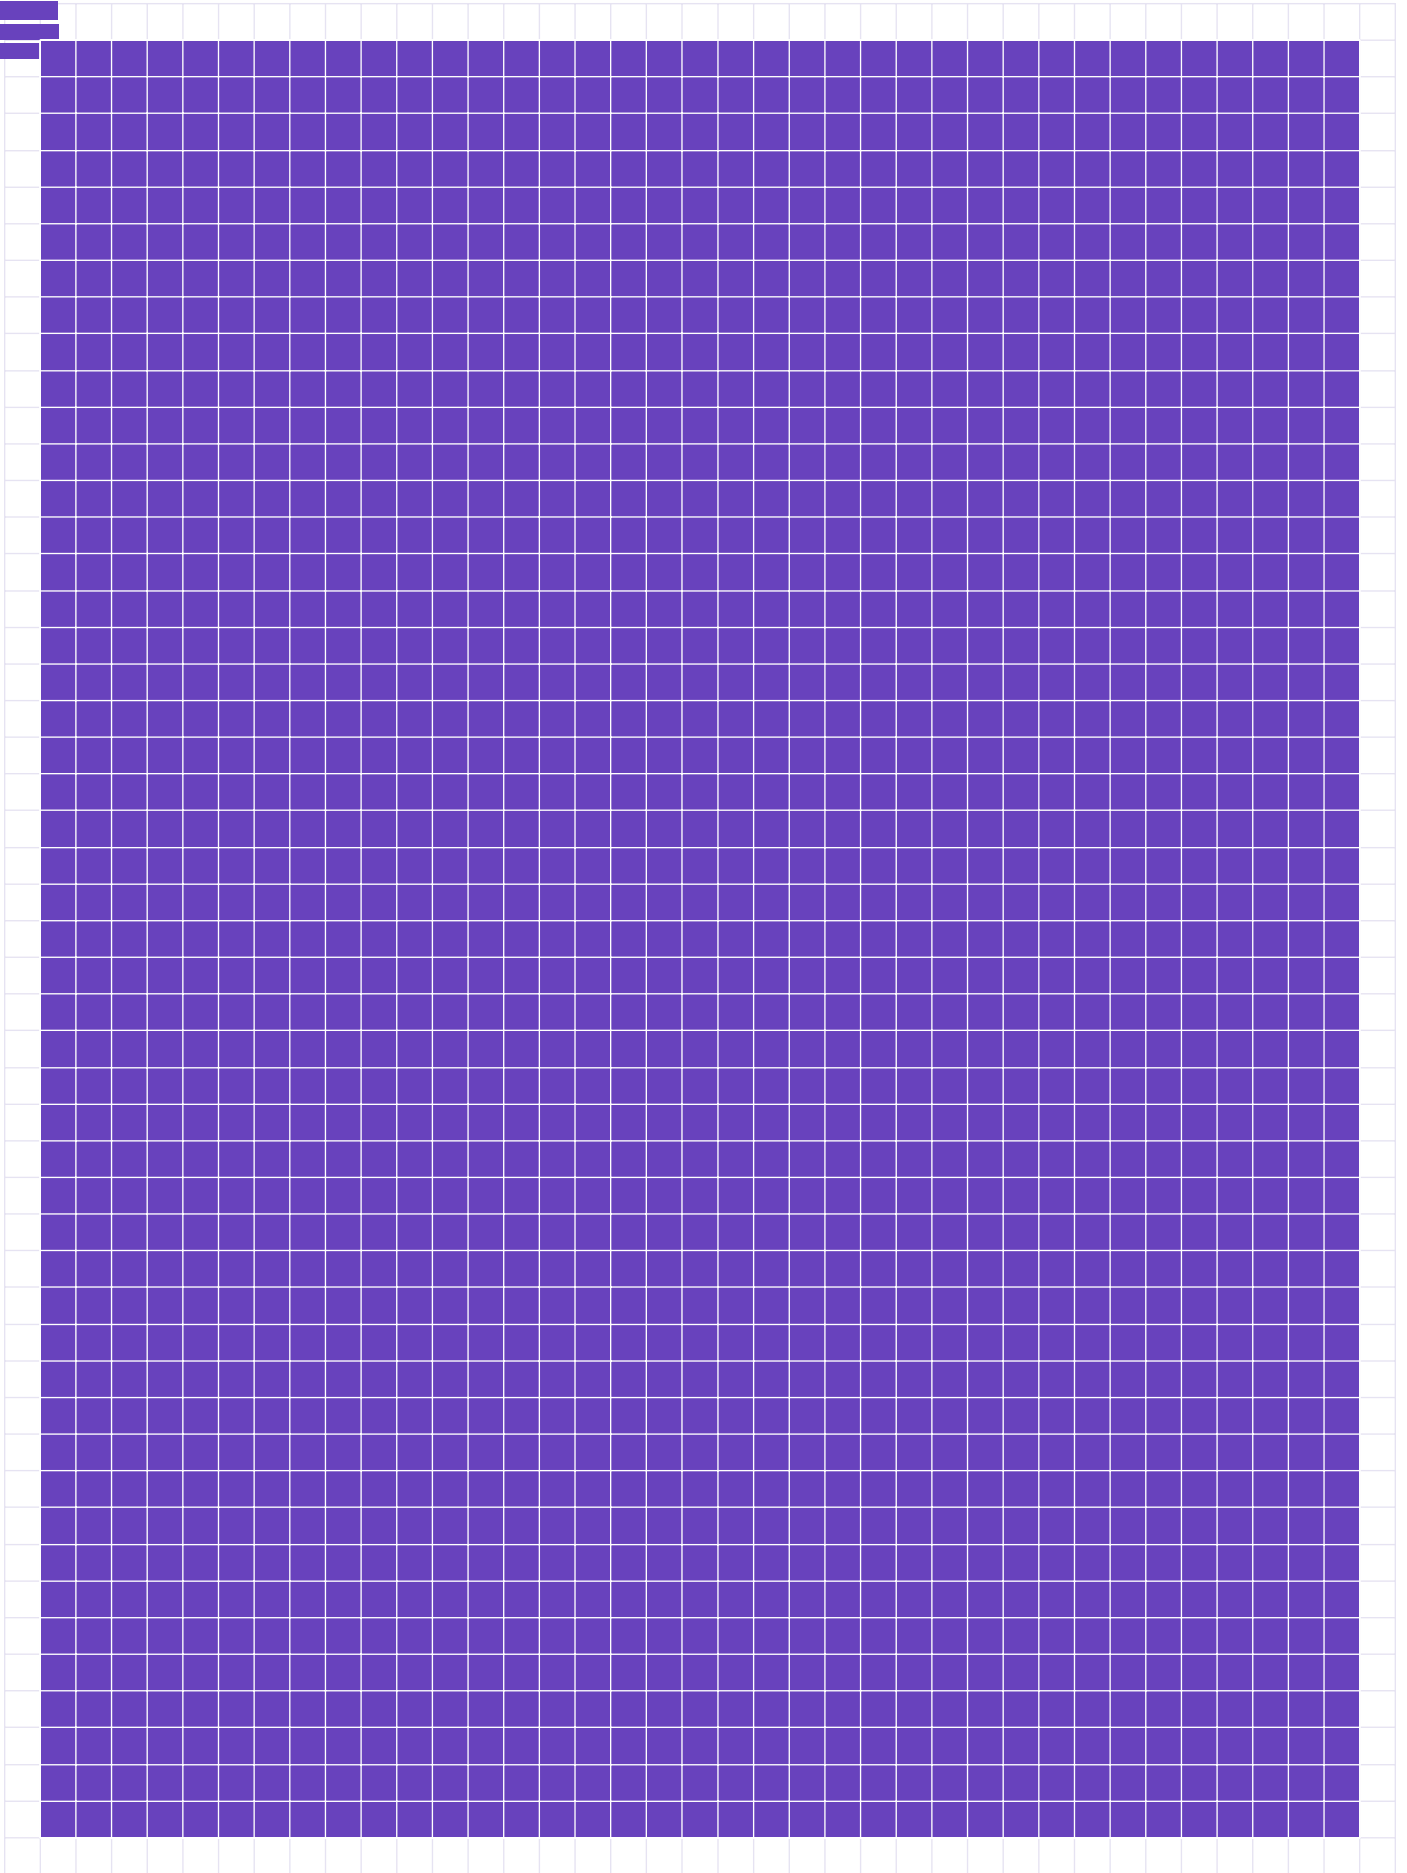

- **Family conflict:** Children raised in families high in conflict, whether or not the child is directly involved in the conflict, appear at risk for both delinquency and drug use.
- **Family history of high risk behavior:** Children raised in families with a history of problems like drug and alcohol abuse, lack of commitment to school, or adolescent pregnancy are more likely to also exhibit these problems.

SCHOOL DOMAIN

- **Academic failure:** Beginning in elementary grades 4–6, academic failure increases the risk of both drug abuse and delinquency. It seems that the experience of failure itself increases the risk of later problem behaviors.
- **Lack of commitment to school:** Surveys of high school seniors have shown that the use of hallucinogens, cocaine, heroin, stimulants, and sedatives or nonmedically prescribed tranquilizers is significantly lower among students who expect to attend college than among those who do not. Factors such as liking school, spending time on homework and perceiving the coursework as relevant are also negatively related to drug and alcohol abuse.

PEER/INDIVIDUAL DOMAIN

- **Alienation, rebelliousness and lack of social bonding:** Young people who do not feel part of society, are not bound by rules, do not believe in trying to be successful or responsible, or who take an active rebellious stance toward society are at higher risk of abusing drugs.
- **Early initiation of problem behavior:** Onset of drug use prior to age 15 is a consistent predictor of later chronic abuse. Children who try drugs at an early age are more likely to try other drugs and use drugs more frequently. Individuals who begin using drugs at a later age show lower drug involvement and a greater probability of discontinuation of use.
- **Peers who engage in problem behavior:** Young people who associate with peers who engage in problem behaviors are at higher risk for engaging in antisocial behavior themselves. Young people who associate with peers who engage in alcohol or substance abuse are much more likely to engage in the same behavior. Peer drug use has consistently been found to be among the strongest predictors of substance use among youth. Even when young people do not experience other risk factors, spending time with friends who use drugs greatly increases the risk of developing problem behaviors.

RISK FACTORS

FOR ADOLESCENT DRUG
AND ALCOHOL ABUSE IN ARKANSAS

2020

Study Indicators

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
DEMOGRAPHIC DATA: ECONOMIC DATA			
Civilian labor force	Number	The sum of all employed and unemployed persons 16 years of age or older. Members of the Armed Forces are excluded.	U.S. Department of Labor, Bureau of Labor Statistics, Local Area Unemployment Statistics: Public Data Query Data available by calendar year. Availability: 1999–2019
DEMOGRAPHIC DATA: POPULATION			
Children (under 18)	Number	Total Arkansas population less than 18 years of age	National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories Availability: 1999–2019
Adolescents (10–17)	Number	Total Arkansas population 10–17 years of age	National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories Availability: 1999–2019
Young Adults**	Number	Total Arkansas population 18–21 years of age	National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories Availability: 1999–2019
Adults (18 and older)	Number	Total Arkansas population 18 years of age and older	National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories Availability: 1999–2019
Total Population	Number	Total Arkansas population	National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories Availability: 1999–2019
Population under 21	Number	Total Arkansas population less than 21 years of age	National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories Availability: 1999–2019
DEMOGRAPHIC DATA: SCHOOL ENROLLMENT			
Public school enrollment: Total (including Pre-K)	Number	Total public school enrollment, pre-K through grade 12	Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network Data available by federal fiscal year. Availability: 1999–2019
Public school enrollment: 7–12	Number	Public school enrollment in grades 7–12	Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network Data available by federal fiscal year Availability: 1999–2019
Public school enrollment: elementary and middle school	Number	Public school enrollment in elementary and middle school Note: This indicator is not mutually exclusive of indicator 8.	Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network Data available by federal fiscal year. Availability: 1999–2019
Demographic Data: Vital Statistics			
Total births	Number	Total number of live births. A live birth is defined as the complete expulsion or extraction from its mother of a product of human conception, irrespective of the duration of pregnancy, which, after such expulsion or extraction, breathes or shows any other evidence of life.	Arkansas Department of Health, Health Statistics Branch, Health Query System Data available by calendar year. Availability: 1999–2019
Community Domain: Availability			

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Beer permits	Number	Number of retail beer permits. Includes off-premises (package stores, grocery stores, etc.) and on-premises (restaurants, bars, etc.) permits. Retail beer outlets may also have retail liquor permits. *2019 data includes retail beer off premises permits only.	Arkansas Department of Finance and Administration, Alcoholic Beverage Control Data are not annualized. Data represent the number of valid permits in October/November of each year. Availability: 2000–2019
Private club permits	Number	Number of private club permits as of the end of October of each year. Data are not annualized. This figure represents the number of valid permits in October/November of each year	Arkansas Department of Finance and Administration, Alcoholic Beverage Control Data are not annualized. Data represent the number of valid permits in October/November of each year. Availability: 2000–2019
Tobacco sales to minors	Number/ Percentage	The number of failed tobacco compliance checks conducted by the Arkansas Tobacco Control Board. Numerator: Number of failed tobacco compliance checks Denominator: Total tobacco checks conducted	Arkansas Tobacco Control Board, Annual Compliance Reports Data available by state fiscal year. Availability: 2002–2019
Cannabis cultivators and dispensaries**	Number	Number of cannabis cultivations and dispensaries. A cultivation refers to the growing of cannabis. A dispensary is location in which a person can purchase cannabis and cannabis related items for medicinal use. In a medical cannabis dispensary store, a patient receives cannabis as allowed per the patient's doctor's recommendation.	Arkansas Department of Finance and Administration, Division of Arkansas Tobacco Control *The first dispensary opened in May 2019. 2019 data is from May 2019 – December 2019.
Tobacco Distributors	Number	Number of retail tobacco permits issued during each fiscal year. Includes retail cigarette and tobacco permits and general tobacco products vending permits. Temporary permits are not included.	Arkansas Tobacco Control Board Data available by state fiscal year. Availability: 1997–2019
E-Cigarette/ Vape Device Distributors**	Number	Number of retail e-cigarette and vaping distribution permits issued during each fiscal year.	Arkansas Department of Finance and Administration, Division of Arkansas Tobacco Control Data available by state fiscal year. Availability: 2019
Community Domain: Community Disorganization			
Homicide victims	Number/ Rate	Number of deaths due to injuries purposely inflicted by another person and rate per 1,000 population. Deaths due to legal intervention are excluded. Homicide deaths are identified using ICD-10 codes: X85-Y09, Y87.1 Numerator: Number of deaths due to injuries purposely inflicted by another person Denominator: Total Arkansas population	Homicide deaths: Arkansas Department of Health, Health Statistics Branch, Health Query System Data available by calendar year. Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories Availability: 1999–2019
State correction prisoners received	Number/Rate	Number of new admissions to state prisons by prisoners' county of residence and rate per 1,000 population. Does not include inmates admitted via Interstate Compact or County Jail Backup Numerator: Number of new admissions to state prisons by prisoners' county of residence. Denominator: Total Arkansas population	Admissions: Arkansas Department of Correction Data available by state fiscal year Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories Availability: 1993–2019

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Total crime index offenses	Number/Rate	<p>Number of crime index offenses and rate per 1,000 total population. Crime index offenses include murder, rape, robbery, aggravated assault, burglary, theft, motor vehicle theft, and arson.</p> <p>Numerator: Number of crime index offenses</p> <p>Denominator: Total Arkansas population</p>	<p>Crime index offenses: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2004–2019</p>
Total property crime offenses	Number/Rate	<p>Total offenses for property crimes and rate per 1,000 total population. Property crimes include burglary, theft, motor vehicle theft, and arson.</p> <p>Numerator: Number of property crime offenses</p> <p>Denominator: Total Arkansas population</p>	<p>Property crime offenses: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC did not receive data from Hot Spring County for 2014, 2015, 2017, 2018 and 2019, from Nevada County for 2016 or from Montgomery County for 2019.</p> <p>Availability: 2004–2019</p>
Total violent crime offenses	Number/Rate	<p>Total offenses for violent crimes and rate per 1,000 total population. Violent crimes include murder, rape, robbery, and aggravated assault.</p> <p>Numerator: Number of violent crime offenses</p> <p>Denominator: Total Arkansas population</p>	<p>Violent crime offenses: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC did not receive data from Hot Spring County for 2014, 2015, 2017, 2018 and 2019, from Nevada County for 2016 or from Montgomery County for 2019. Availability: 2004–2019</p>
Adult arrests for drugs/narcotics	Number/Rate	<p>Number of adult arrests for drug law violations and rate per 1,000 population 18 years and older. Drug law violations include possession, sale, use, growing, and manufacturing of illegal drugs.</p> <p>Numerator: Number of adult arrests for drug law violations</p> <p>Denominator: Arkansas population 18 years and older</p>	<p>Adult/unknown age arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC did not receive data from Hot Spring County for 2014, 2015, 2017, 2018 and 2019, from Nevada County for 2016 or from Montgomery County for 2019.</p> <p>Availability: 2005–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Adult arrests for cannabis**	Number/Rate	<p>Number of adult arrests for cannabis law violations and rate per 1,000 population 18 years and older. Cannabis violations include possession, sale, use, and growing of cannabis.</p> <p>Numerator: Number of adult arrests for cannabis law violations</p> <p>Denominator: Arkansas population 18 years and older</p>	<p>Adult arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC Did not receive data from Hot Spring or Montgomery counties for 2019.</p> <p>Availability: 2019</p>
Adult arrests for prescription drugs**	Number/Rate	<p>Number of adult arrests for prescription drug law violations and rate per 1,000 population 18 years and older. Prescription drug law violations include illegal possession, sale, and use of prescription drugs. Prescription drugs include barbiturates, morphine, opium, depressants (benzodiazepines, like Xanax and Klonopin and tranquilizers or antipsychotics, like Seroquel and Haldol) and stimulants (medications like Adderall, Vyvanse and Ritalin).</p> <p>Numerator: Number of adult arrests for prescription drug law violations</p> <p>Denominator: Arkansas population 18 years and older</p>	<p>Adult arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC Did not receive data from Hot Spring or Montgomery counties for 2019.</p> <p>Availability: 2019</p>
Adult arrests for DUI	Number/Rate	<p>Number of adult arrests for DUI and rate per 1,000 population 18 years and older. DUI refers to driving or operating any vehicle or common carrier while under the influence of alcohol or narcotics.</p> <p>Numerator: Number of adult arrests for DUI</p> <p>Denominator: Arkansas population 18 years and older</p>	<p>Adult arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC did not receive data from Hot Spring County for 2014, 2015, 2017, 2018 and 2019, from Nevada County for 2016 or from Montgomery County for 2019.</p> <p>A availability: 2005–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Adult arrests for drunkenness	Number/Rate	<p>Number of adult arrests for public drunkenness and rate per 1,000 population 18 years and older.</p> <p>Numerator: Number of adult arrests for public drunkenness</p> <p>Denominator: Arkansas population 18 years and older</p>	<p>Adult arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC did not receive data from Hot Spring County for 2014, 2015, 2017, 2018 and 2019, from Nevada County for 2016 or from Montgomery County for 2019.</p> <p>Availability: 2005–2019</p>
Adult arrests for liquor law violations	Number/Rate	<p>Number of adult arrests for violations of liquor laws and rate per 1,000 population 18 years and older.</p> <p>Numerator: Number of adult arrests for liquor law violations</p> <p>Denominator: Arkansas population 18 years and older</p>	<p>Adult arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC did not receive data from Hot Spring County for 2014, 2015, 2017, 2018 and 2019, from Nevada County for 2016 or from Montgomery County for 2019.</p> <p>Availability: 2005–2019</p>
Total arrests for drugs/narcotics	Number/Rate	<p>Number of arrests for drug law violations and rate per 1,000 total population. Drug law violations include possession, sale, use, growing, and manufacturing of illegal drugs.</p> <p>*Totals also contain data where the age of the individual is unknown. Therefore, the total may not be equal to the sum of adult arrests and juvenile arrests.</p> <p>Numerator: Number of total arrests for drug law violations</p> <p>Denominator: Total Arkansas population</p>	<p>Total arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC did not receive data from Hot Spring County for 2014, 2015, 2017, 2018 and 2019, from Nevada County for 2016 or from Montgomery County for 2019.</p> <p>Availability: 2005–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Total arrests for cannabis**	Number/Rate	<p>Total number of arrests for cannabis law violations and rate per 1,000 population. Cannabis violations include possession, sale, use, and growing of cannabis.</p> <p>*Totals also contain data where the age of the individual is unknown. Therefore, the total may not be equal to the sum of adult arrests and juvenile arrests.</p> <p>Numerator: Number of arrests for cannabis law violations</p> <p>Denominator: Total Arkansas population</p>	<p>Total arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC Did not receive data from Hot Spring or Montgomery counties for 2019.</p> <p>Availability: 2019</p>
Total arrests for prescription drugs**	Number/Rate	<p>Total number of arrests for prescription drug law violations and rate per 1,000 population. Prescription drug law violations include illegal possession, sale, and use of prescription drugs. Prescription drugs include barbiturates, morphine, opium, depressants (benzodiazepines, like Xanax and Klonopin and tranquilizers or antipsychotics, like Seroquel and Haldol) and stimulants (medications like Adderall, Vyvanse and Ritalin).</p> <p>*Totals also contain data where the age of the individual is unknown. Therefore, the total may not be equal to the sum of adult arrests and juvenile arrests.</p>	<p>Total arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC Did not receive data from Hot Spring or Montgomery counties for 2019.</p> <p>Availability: 2019</p>
Total arrests for DUI	Number/Rate	<p>Number of arrests for DUI and rate per 1,000 total population. DUI refers to driving or operating any vehicle or common carrier while under the influence of alcohol or narcotics.</p> <p>*Totals also contain data where the age of the individual is unknown. Therefore, the total may not be equal to the sum of adult arrests and juvenile arrests.</p> <p>Numerator: Number of total arrests for DUI</p> <p>Denominator: Total Arkansas population</p>	<p>Total arrests: Arkansas Crime Information Center, Crime in Arkansas; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC did not receive data from Hot Spring County for 2014, 2015, 2017, 2018 and 2019, from Nevada County for 2016 or from Montgomery County for 2019.</p> <p>Availability: 2005–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Total arrests for drunkenness	Number/Rate	<p>Number of arrests for public drunkenness and rate per 1,000 total population.</p> <p>*Totals also contain data where the age of the individual is unknown. Therefore, the total may not be equal to the sum of adult arrests and juvenile arrests.</p> <p>Numerator: Number of total arrests for public drunkenness</p> <p>Denominator: Total Arkansas population</p>	<p>Total arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC did not receive data from Hot Spring County for 2014, 2015, 2017, 2018 and 2019, from Nevada County for 2016 or from Montgomery County for 2019.</p> <p>Availability: 2005–2019</p>
Total arrests for liquor law violations	Number/Rate	<p>Number of adult arrests for violations of liquor laws and rate per 1,000 total population.</p> <p>*Totals also contain data where the age of the individual is unknown. Therefore, the total may not be equal to the sum of adult arrests and juvenile arrests.</p> <p>Numerator: Number of total arrests for liquor law violations</p> <p>Denominator: Total Arkansas population</p>	<p>Total arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>ACIC did not receive data from Hot Spring County for 2014, 2015, 2017, 2018 and 2019, from Nevada County for 2016 or from Montgomery County for 2019. Availability: 2005–2019</p>
Community Domain: Extreme Economic Deprivation			
Unemployment	Number/Percentage	<p>An estimate of the number of persons who were able to work and available for work and (1) were looking for work, or (2) would have looked for work except that (a) they were waiting to return to a job from which they were laid off, or (b) they were waiting to report to a new job. The rate is expressed as a percentage of the civilian labor force.</p> <p>Numerator: Number of persons unemployed</p> <p>Denominator: Number of persons in the civilian labor force (sum of all employed and unemployed persons 16 years of age or older)</p>	<p>U.S. Department of Labor, Bureau of Labor Statistics, Local Area Unemployment Statistics: Public Data Query</p> <p>Data available by calendar year.</p> <p>Availability: 1990–2019</p>
Children eligible for free or reduce price lunches	Number/Rate	<p>Number of children eligible to participate in the National and State Free and Reduced Lunch Program and rate per 1,000 total public school student enrollment</p> <p>Numerator: Number of children eligible for free or reduced priced lunches</p> <p>Denominator: Total Arkansas public school enrollment</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by federal fiscal year</p> <p>Availability: 1990–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Children receiving Transitional Employment Assistance (TEA)	Number/Rate	<p>Number of participants in the Transitional Employment Assistance (TEA) program and rate per 1,000 population 0–17 years of age</p> <p>Numerator: Number of participants in TEA</p> <p>Denominator: Arkansas population 0–17 years of age</p>	<p>TEA: Arkansas Department of Human Services, Division of Administrative Services, Annual Statistical Report</p> <p>Data available by state fiscal year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 1997–2019</p>
Children receiving food stamps (SNAP)	Number/Rate	<p>Number of children 0–18 years of age who receive SNAP benefits and rate per 1,000 population 0–18 years of age. SNAP refers to the Supplemental Nutrition Assistance Program.</p> <p>Numerator: Number receiving SNAP benefits</p> <p>Denominator: Arkansas population 0–18 years of age</p>	<p>SNAP: Arkansas Department of Human Services, Division of Administrative Services, Annual Statistical Report</p> <p>Data available by state fiscal year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 1997–2019</p>
Low birth weight births	Number/Rate	<p>Number of births weighing less than 2,500 grams and rate per 1,000 live births.</p> <p>Numerator: Number of births weighing less than 2,500 grams</p> <p>Denominator: Number of live births</p>	<p>Arkansas Department of Health, Health Statistics Branch, Health Query System</p> <p>Data available by calendar year</p> <p>Availability: 1990–2018</p>
Infant mortality	Number/Rate	<p>Number of deaths to infants less than one year of age and rate per 1,000 live births</p> <p>Numerator: Number of infant deaths</p> <p>Denominator: Number of live births</p>	<p>Arkansas Department of Health, Health Statistics Branch, Health Query System</p> <p>Data available by calendar year</p> <p>Availability: 1990–2019</p>
Community Domain: Transitions and Mobility			
New home construction	Number/ Rate	<p>Average yearly number of new building permits issued for single and multifamily dwellings and rate per 1,000 population</p> <p>Numerator: Number of new building permits issues</p> <p>Denominator: Total Arkansas population</p>	<p>Building permits: U.S. Bureau of the Census, State/County Permit Authorized Construction in Permit Issuing Places</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 1990–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Homeless children enrolled in public school	Number/Rate	<p>Students enrolled in public school who lack a fixed, regular, and adequate place of residence. In general, children and youth living in welfare motels, hotels, transitional housing shelters, the streets, cars, camping grounds temporarily, abandoned buildings, are “doubled up” with other families because of a loss of housing or similar situations, and other inadequate accommodations are considered homeless. Rate is per 1,000 public school enrollment, pre-K through grade 12.</p> <p>Numerator: Number of students who are homeless</p> <p>Denominator: Public school enrollment, pre-K through grade 12</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by federal fiscal year</p> <p>Availability: 1990–2019</p>
Net migrants to Arkansas	Number/Percentage	<p>Number of new residents moved into an area minus the number of residents move out of an area.</p> <p>Rate is the percent of the total population.</p> <p>Numerator: Number of new residents moved into an area minus resident moved out of an area</p> <p>Denominator: Total Arkansas population</p>	<p>Net migration: Population Estimates Program, Population Division, U.S. Bureau of the Census</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2011–2015, 2012–2016, 2013–2017 and 2014–2019 ACS 5-year estimates</p>
School Domain: Academic Failure			
High school dropouts	Number/Percentage	<p>Public school students withdrawing from school in grades 7–12 from October 31 of one school year through October 31 of the next year given for one of the following reasons: failing grades, suspended or expelled, lack of interest, conflict with school, economic hardship, pregnancy/marriage, peer conflict, enrolled in GED, alcohol/drugs, health problems, or other. Rate is a percentage of all public school students enrolled in grades 7–12 as of October 1 of the previous year.</p> <p>Numerator: Number of public school students in grades 7–12 withdrawing from school</p> <p>Denominator: Public school enrollment in grades 7–12 of previous year</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by federal fiscal year</p> <p>Availability: 1990–2019</p>
Status dropouts	Number/Percentage	<p>Number and percentage of the population 18–24 years who have not completed high school.</p> <p>Numerator: Total number of persons 18–24 years who have not completed high school</p> <p>Denominator: Arkansas population 18–24 years</p>	<p>Status dropouts: U.S. Bureau of the Census, Decennial Census of Population and Housing; American Community Survey (ACS) 5-year estimates</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 1990, 2000 and 2010 decennial census; 2010–2014, 2011–2015, 2012–2016, 2013–2017, 2014–2018 and 2015–2019 ACS 5-year estimates.</p>
School Domain: Lack of Commitment to School			

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Dropouts for “lack of interest”	Number/ Percentage	Public school students withdrawing from school for “Lack of Interest” in grades 7–12 from October 31 of one school year through October 31 of the year given. Rate is the percentage of public school students enrolled in grades 7–12 as of October 1 of the previous year. Numerator: Number of public school students in grades 7–12 withdrawing from school for “lack of interest” Denominator: Public school enrollment in grades 7–12 of previous year	Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network Data available by federal fiscal year Availability: 1999–2019
Family Domain: Family Conflict			
Victims of child maltreatment	Number/Rate	Number of victims of child maltreatment relating to abuse and neglect from cases founded by the Division of Children and Family Services (DCFS) or Suspected Child Abuse and Neglect (SCAN) and rate per 1,000 population 0–17 years of age. Numerator: Number of victims of child maltreatment Denominator: Arkansas population 0–17 years of age	Child maltreatment: Arkansas Department of Human Services, Division of Administrative Services, Annual Statistical Report. Data available by state fiscal year Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories Availability: 1991–2019
Children living in foster care	Number/Rate	Average daily number of children 0–17 years of age in state-supervised, family-based foster care by fiscal year and rate per 1,000 children 0–17 years of age. Numerator: Number of children 0–17 years of age living in state-supervised, family-based foster care Denominator: Arkansas population 0–17 years of age	Foster care: Arkansas Department of Human Services, Division of Administrative Services, Annual Statistical Report Data available by state fiscal year Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories Availability: 1995–2019
Divorces and annulments	Number/Rate	Number of divorces and annulments and rate per 1,000 population. Numerator: Number of divorces and annulments occurring in Arkansas Denominator: Total Arkansas population	Divorces/Annulments: Arkansas Department of Health, Health Statistics Branch Data available by calendar year Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories Availability: 1990–2019
Family Domain: Family History of High Risk Behavior			
Adults in alcohol/drug abuse treatment	Number/Rate	Number of adult drug client treatment admissions in state-supported facilities and rate per 1,000 population 18 years and older. Numerator: Number of adult admissions in state-supported drug treatment facilities Denominator: Arkansas population 18 years of age and older	Alcohol/drug abuse treatment: Arkansas Department of Human Services, Division of Behavioral Health Services Data available by state fiscal year Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories Availability: 1990–2019

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Educational attainment: Below 9th grade	Number/Percentage	<p>Number and percentage of total population 25 years of age or older completing less than 9th grade</p> <p>Numerator: Arkansas population 25 years and older completing less than 9th grade</p> <p>Denominator: Arkansas population 25 years and older</p>	<p>U.S. Bureau of the Census, Decennial Census of Population and Housing; American Community Survey (ACS) 5-year estimates</p> <p>Availability: 1990, 2000 and 2010 decennial census; 2010–2014, 2011–2015, 2012–2016, 2013–2017, 2014–2018 and 2015–2019 ACS 5-year estimates.</p>
Educational attainment: 9th–12th grade, no diploma	Number/Percentage	<p>Number and percentage of total population 25 years of age or older completing grades 9–12 with no diploma.</p> <p>Numerator: Arkansas population 25 years and older completing 9th–12th grade with no diploma</p> <p>Denominator: Arkansas population 25 years and older</p>	<p>U.S. Bureau of the Census, Decennial Census of Population and Housing; American Community Survey (ACS) 5-year estimates</p> <p>Availability: 1990, 2000 and 2010 decennial census; 2010–2014, 2011–2015, 2012–2016, 2013–2017, 2014–2018 and 2015–2019 ACS 5-year estimates.</p>
Educational attainment: High school graduate	Number/Percentage	<p>Number and percentage of total population 25 years of age or older who graduated high school. Includes equivalency. Does not include those with some college or college graduates.</p> <p>Numerator: Arkansas population 25 years and older with completed high school with a diploma or equivalency</p> <p>Denominator: Arkansas population 25 years and older</p>	<p>U.S. Bureau of the Census, Decennial Census of Population and Housing; American Community Survey (ACS) 5-year estimates</p> <p>Availability: 1990, 2000 and 2010 decennial census; 2010–2014, 2011–2015, 2012–2016, 2013–2017, 2014–2018 and 2015–2019 ACS 5-year estimates.</p>
Educational attainment: Some college	Number/Percentage	<p>Number and percentage of total population 25 years of age and older completing some college with no degree.</p> <p>Numerator: Arkansas population 25 years and older who completed some college with no degree.</p> <p>Denominator: Arkansas population 25 years and older</p>	<p>U.S. Bureau of the Census, Decennial Census of Population and Housing; American Community Survey (ACS) 5-year estimates</p> <p>Availability: 1990, 2000 and 2010 decennial census; 2010–2014, 2011–2015, 2012–2016, 2013–2017, 2014–2018 and 2015–2019 ACS 5-year estimates.</p>
Educational attainment: College graduate	Number/Percentage	<p>Number and percentage of total population 25 years of age and older who are college graduates. Includes associate degrees, bachelor's degrees, and graduate degrees.</p> <p>Numerator: Arkansas population 25 years and older who are college graduates</p> <p>Denominator: Arkansas population 25 years and older</p>	<p>U.S. Bureau of the Census, Decennial Census of Population and Housing; American Community Survey (ACS) 5-year estimates</p> <p>Availability: 1990, 2000 and 2010 decennial census; 2010–2014, 2011–2015, 2012–2016, 2013–2017, 2014–2018 and 2015–2019 ACS 5-year estimates.</p>
Pregnant women in alcohol or drug treatment	Number/Rate	<p>Number of pregnant women receiving alcohol or drug treatment from state-supported treatment centers rate per 1,000 live births.</p> <p>Numerator: Pregnant women in state-supported drug/alcohol treatment facilities</p> <p>Denominator: Total live births to Arkansas residents</p>	<p>Alcohol/drug treatment: Arkansas Department of Human Services, Division of Behavioral Health Services</p> <p>Data available by state fiscal year</p> <p>Births: Arkansas Department of Health, Health Statistics Branch</p> <p>Availability: 2005–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Births to women with <12 years of education	Number/Rate	<p>Number of births to women with fewer than 12 years of education and rate per 1,000 live births.</p> <p>Numerator: Number of births to women with fewer than 12 years of education Denominator: Total live births to Arkansas residents</p> <p>Denominator: Total live births to Arkansas residents</p>	<p>Arkansas Department of Health, Health Statistics Branch, Health Query System</p> <p>Data available by calendar year</p> <p>Availability: 1990–2019</p>
Births to women using tobacco during pregnancy	Number/Rate	<p>Number of births to women who reported using tobacco during their pregnancy and rate per 1,000 live births.</p> <p>Numerator: Number of births to women using tobacco during their pregnancy Denominator: Total live births to Arkansas residents</p>	<p>Arkansas Department of Health, Health Statistics Branch, Health Query System</p> <p>Data available by calendar year</p> <p>Availability: 2000–2019</p>
Peer/Individual Domain: Alienation, Rebelliousness			
Adolescent suicide	Number/Rate	<p>Number of suicides reported for persons 10–17 years of age and rate per 100,000 population 10–17 years of age.</p> <p>Numerator: Number of suicided to individuals 10–17 years of age Denominator: Arkansas population 10–17 years of age</p>	<p>Arkansas Department of Health, Health Statistics Branch</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 1990–2019 2016 and 2017 data are available for the state only.</p>
Peer/Individual Domain: Early Initiation of Problem Behavior			
Elementary/middle school alcohol infractions	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in elementary, middle, or junior high school after a violation of school alcohol policy and rate per 1,000 total elementary, middle and junior high school enrollment.</p> <p>Numerator: Number of cases of violation of school alcohol policy by a student in grades K-8 Denominator: Total public school enrollment in grades K-8</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p>
Elementary/middle school drug infractions	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in elementary, middle, or junior high school after a violation of school drug policy and rate per 1,000 total elementary, middle and junior high school enrollment. Does not include tobacco infractions.</p> <p>Numerator: Number of cases of violation of school drug policy by a student in grades K-8 Denominator: Total public school enrollment in grades K-8</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Elementary/middle school tobacco/e-cigarette/vaping infractions	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in elementary, middle, or junior high school after a violation of school tobacco/e-cigarette/vaping policy and rate per 1,000 total elementary, middle and junior high school enrollment.</p> <p>Numerator: Number of cases of violation of school tobacco policy by a student in grades K-8</p> <p>Denominator: Total public school enrollment in grades K-8</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p> <p>Prior to 2019, this data does not include e-cigarette/vaping infractions.</p>
Elementary/middle school assaults on students or staff	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in elementary, middle, or junior high school after an assault on a student or staff member. Rate is per 1,000 total elementary, middle and junior high school enrollment.</p> <p>Numerator: Number of cases of assault on a student or staff member by a student in grades K-8</p> <p>Denominator: Total public school enrollment in grades K-8</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p>
Elementary/middle school weapons/explosives infractions	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in elementary, middle, or junior high school after a violation of school policy regarding knives, handguns, rifles, shotguns, clubs, and explosives. Rate is per 1,000 total elementary, middle and junior high school enrollment.</p> <p>Numerator: Number of cases of violation of school weapons/explosives policy by a student in grades K-8</p> <p>Denominator: Total public school enrollment in grades K-8</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p>
Elementary/middle school vandalism	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in elementary, middle, or junior high school for vandalism. Rate is per 1,000 total elementary, middle and junior high school enrollment.</p> <p>Numerator: Number of cases of school vandalism by a student in grades K-8</p> <p>Denominator: Total grade public school enrollment in grades K-8</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Elementary/middle school gang involvement	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in elementary, middle, or junior high school for violation of school policy regarding gang involvement. Rate is per 1,000 total elementary, middle and junior high school enrollment.</p> <p>Numerator: Number of cases of violation of school policy regarding gang involvement by a student in grades K-8</p> <p>Denominator: Total public school enrollment in grades K-8</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p>
Peer/Individual Domain: Peers Who Engage in Problem Behavior			
Juveniles in alcohol/drug abuse treatment	Number/Rate	<p>Number of juveniles in state supported alcohol and drug abuse treatment programs and rate per 1,000 population 0–17 years of age.</p> <p>Numerator: Number of juveniles 0–17 years of age in state supported alcohol and drug treatment programs</p> <p>Denominator: Arkansas population 0–17 years of age</p>	<p>Alcohol/drug abuse treatment: Arkansas Department of Human Services, Division of Behavioral Health Services.</p> <p>Data available by state fiscal year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 1992–2019</p>
Adolescent pregnancy	Number/Rate	<p>Number of pregnancies (births plus abortions plus fetal deaths) to females 10–17 years of age and rate per 1,000 females 10–17 years of age.</p> <p>Numerator: Number of pregnancies to females 10–17 years of age</p> <p>Denominator: Female population 10–17 years of age</p>	<p>Pregnancies: Arkansas Department of Health, Health Statistics Branch</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 1995–2019</p>
Births to mother age 10–17	Number/Rate	<p>Number of live births to females 10–17 years of age and rate per 1,000 females 10–17 years of age.</p> <p>Numerator: Number of live births to females 10–17 years of age</p> <p>Denominator: Female population 10–17 years of age</p>	<p>Births: Arkansas Department of Health, Health Statistics Branch, Health Query System</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 1990–2019</p>
High school alcohol infractions	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in high school after a violation of school alcohol policy and rate per 1,000 total high school enrollment.</p> <p>Numerator: Number of cases of violation of school alcohol policy by a student in grades 9–12</p> <p>Denominator: Total public school enrollment in grades 9–12</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
High school drug infractions	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in high school after a violation of school drug policy and rate per 1,000 total high school enrollment. Does not include tobacco infractions.</p> <p>Numerator: Number of cases of violation of school drug policy by a student in grades 9–12</p> <p>Denominator: Total public school enrollment in grades 9–12</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p>
High school tobacco/e-cigarette/vaping infractions	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in high school after a violation of school tobacco policy and rate per 1,000 total high school enrollment.</p> <p>Numerator: Number of cases of violation of school tobacco/e-cigarette/vaping policy by a student in grades 9–12</p> <p>Denominator: Total public school enrollment in grades 9–12</p> <p>*Prior to 2019, this data does not include e-cigarette/vaping infractions.</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p> <p>Prior to 2019, this data does not include e-cigarette/vaping infractions.</p>
High school assaults on students or staff	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in high school after an assault on a student or staff member. Rate is per 1,000 total high school enrollment.</p> <p>Numerator: Number of cases of assault on a student or staff member by a student in grades 9–12</p> <p>Denominator: Total public school enrollment in grades 9–12</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p>
High school weapons/explosives infractions	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in high school after a violation of school policy regarding knives, handguns, rifles, shotguns, clubs, and explosives. Rate is per 1,000 total high school enrollment.</p> <p>Numerator: Number of cases of violation of school weapons/explosives policy by a student in grades 9–12</p> <p>Denominator: Total public school enrollment in grades 9–12</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
High school vandalism	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in high school for vandalism. Rate is per 1,000 total high school enrollment.</p> <p>Numerator: Number of cases of school vandalism by a student in grades 9–12</p> <p>Denominator: Total public school enrollment in grades 9–12</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p>
High school gang involvement	Number/Rate	<p>Number of cases in which punitive action is taken by the school authority or court authority to reprimand the student in high school for violation of school policy regarding gang involvement. Rate is per 1,000 total high school enrollment.</p> <p>Numerator: Number of cases of violation of school policy regarding gang involvement by a student in grades 9–12</p> <p>Denominator: Total public school enrollment in grades 9–12</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by state fiscal year</p> <p>Availability: 1999–2019</p>
Students leaving school for incarceration	Number/Rate	<p>The number of reported students withdrawing from school due to incarceration. The rate is per 1,000 of all students enrolled in grades 7–12 as of October 1 of the previous year.</p> <p>Numerator: Number of students withdrawing from grades 7–12 due to incarceration</p> <p>Denominator: Number of students enrolled in grades 7–12 in the previous year</p>	<p>Arkansas Department of Education, Statewide Information System as reported through the Arkansas Public School Computer Network</p> <p>Data available by federal fiscal year</p> <p>Availability: 2001–2019</p>
Juvenile rate of use for e-cigarettes/vape devices**	Number/Rate	<p>Percent of juveniles who report regularly using e-cigarettes/vape devices.</p> <p>Raw data was not available for this measure, so indicator is only available at the county and state level.</p>	<p>Arkansas Prevention Needs Assessment</p> <p>Data available by state fiscal year</p> <p>Availability: 2015–2019</p> <p>The following counties did not participate in APNA: Dallas, Lincoln and St. Francis (2015); Crittenden, Dallas, Lafayette, Lincoln and Sevier (2016); Calhoun, Crittenden and Dallas (2017); Columbia, Crittenden and Lafayette (2018); Calhoun, Dallas, Desha and Prairie (2019).</p>
Juvenile arrests for drugs/narcotics	Number/Rate	<p>Number of juvenile arrests for drug law violations and rate per 1,000 population 10–17 years of age. Drug law violations include possession, sale, use, growing, and manufacturing of illegal drugs.</p> <p>Numerator: Number of juvenile (10–17 years of age) arrests for drug law violations</p> <p>Denominator: Arkansas population 10–17 years of age</p>	<p>Juvenile arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2005–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Juvenile arrests for cannabis**	Number/ Rate	<p>Number of juvenile arrests for cannabis law violations and rate per 1,000 population 10-17 years of age. Cannabis violations include possession, sale, use, and growing of cannabis.</p> <p>Numerator: Number of juvenile (10–17 years of age) arrests for cannabis law violations</p> <p>Denominator: Arkansas population 10–17 years of age</p>	<p>Juvenile arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2019</p>
Juvenile arrests for prescription drugs **	Number/Rate	<p>Number of juvenile arrests for prescription drug law violations and rate per 1,000 population 10–17 years of age. Prescription drug law violations include illegal possession, sale, and use of prescription drugs. Prescription drugs include barbiturates, morphine, opium, depressants (benzodiazepines, like Xanax and Klonopin and tranquilizers or antipsychotics, like Seroquel and Haldol) and stimulants (medications like Adderall, Vyvanse and Ritalin).</p> <p>Numerator: Number of juvenile (10–17 years of age) arrests for prescription drug law violations</p> <p>Denominator: Arkansas population 10–17 years of age</p>	<p>Juvenile arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2019</p>
Juvenile arrests for DUI	Number/Rate	<p>Number of juvenile arrests for DUI and rate per 1,000 population 10–17 years of age. DUI refers to driving or operating any vehicle or common carrier while under the influence of alcohol or narcotics.</p> <p>Numerator: Number of juvenile (10–17 years of age) arrests for DUI</p> <p>Denominator: Arkansas population 10–17 years of age</p>	<p>Juvenile arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2005–2019</p>
Juvenile arrests for drunkenness	Number/Rate	<p>Number of juvenile arrests for public drunkenness and rate per 1,000 population 10–17 years of age.</p> <p>Numerator: Number of juvenile (10–17 years of age) arrests for public drunkenness</p> <p>Denominator: Arkansas population 10–17 years of age</p>	<p>Juvenile arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2005–2019</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Juvenile arrests for liquor law violations	Number/Rate	<p>Number of juvenile arrests for violations of liquor laws and rate per 1,000 population 10–17 years of age.</p> <p>Numerator: number of juvenile (10–17 years of age) arrests for liquor law violations</p> <p>Denominator: Arkansas population 10–17 years of age</p>	<p>Juvenile arrests: Arkansas Crime Information Center, Arkansas Crime Statistics; Reported through the National Incident-Based Reporting System (NIBRS)</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 1995–2018</p>
Consequences Domain: Public Health/Safety Outcomes			
Sexually transmitted diseases	Number/Rate	<p>Number of reported cases of gonorrhea, chlamydia, and syphilis cases and rate per 1,000 population.</p> <p>Numerator: Number of reported cases of gonorrhea, chlamydia and syphilis</p> <p>Denominator: Total Arkansas population</p>	<p>STI Cases: Arkansas Department of Health, HIV-AIDS-STI Surveillance, STI Annual Report</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 1995–2018</p>
New HIV cases	Number/Rate	<p>Number of new reported cases of HIV infection and rate per 1,000 population.</p> <p>Case numbers of 1–5 are suppressed and are excluded from regional and state aggregates.</p> <p>Numerator: Number of new reported cases of HIV Infection</p> <p>Denominator: Total Arkansas population</p>	<p>HIV Cases: Arkansas Department of Health, HIV-AIDS-STI Surveillance, HIV Surveillance Annual Report</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2002–2018</p>
New AIDS cases	Number/Rate	<p>Number of new reported cases of AIDS and rate per 1,000 population.</p> <p>Case numbers of 1–5 are suppressed and are excluded from regional and state aggregates.</p> <p>Numerator: Number of new reported cases of AIDS</p> <p>Denominator: Total Arkansas population</p>	<p>HIV Cases: Arkansas Department of Health, HIV-AIDS-STI Surveillance, HIV Surveillance Annual Report</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2002–2018</p>
Alcohol- or drug-related traffic injuries	Number/Rate	<p>The number of traffic injuries related to alcohol or other drugs and rate per 1,000 population.</p> <p>Numerator: Number of traffic injuries related to alcohol or other drugs</p> <p>Denominator: Total Arkansas population</p> <p>*Data was not available for 2018–2019.</p>	<p>Traffic injuries: Arkansas State Police, Highway Safety Office</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2004–2017</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Alcohol- or drug-related traffic fatalities	Number/Rate	<p>The number of traffic fatalities related to alcohol or other drugs and rate per 1,000 population.</p> <p>Numerator: Number of traffic fatalities related to alcohol or other drugs Denominator: Total Arkansas population</p> <p>*2018 and 2019 data include alcohol-related traffic fatalities only.</p>	<p>2015–2017 traffic fatalities: Arkansas State Police, Highway Safety Office</p> <p>2018–2019 traffic fatalities: U.S. Department of Transportation, National Highway Traffic Safety Administration</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p>
Alcohol- or drug-related traffic crashes	Number/Rate	<p>The number of traffic accidents related to alcohol or other drugs and rate per 1,000 population.</p> <p>Numerator: Number of traffic accidents related to alcohol or other drugs</p> <p>Denominator: Total Arkansas population</p> <p>*Data was not available for 2018–2019.</p>	<p>Traffic accidents: Arkansas State Police, Highway Safety Office</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2004–2019</p>
Crash injuries and deaths: Underage drinking drivers	Number/Rate	<p>Number of traffic injuries and fatalities related to underage drinking drivers and rate per 1,000 population less than 21 years of age.</p> <p>Numerator: Number of traffic injuries and fatalities in traffic accidents in which any of the involved drivers was under 21 and under the influence of alcohol</p> <p>Denominator: Arkansas population less than 21 years of age</p> <p>*Data was not available for 2018–2019.</p>	<p>Traffic injuries/fatalities: Arkansas State Police, Highway Safety Office</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2004–2017</p>
Traffic crashes involving underage drinking drivers	Number/Rate	<p>Number of traffic accidents related to underage drinking drivers and rate per 1,000 population less than 21 years of age</p> <p>Numerator: Number of traffic accidents in which any of the involved drivers was less than 21 years of age and under the influence of alcohol</p> <p>Denominator: Arkansas population less than 21 years of age</p> <p>*Data was not available for 2018–2019.</p>	<p>Traffic accidents: Arkansas State Police, Highway Safety Office</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 2004–2017</p>

INDICATOR	TYPE	DESCRIPTION	DATA SOURCE
Lung cancer deaths	Number/Rate	<p>Number of deaths from malignant neoplasms of trachea, bronchus, and lung and rate per 100,000 population. Malignant neoplasms of trachea, bronchus, and lung are identified using ICD-10 codes C33-C34.</p> <p>Numerator: Number of deaths to Arkansas residents from malignant neoplasms of trachea, bronchus, or lung</p> <p>Denominator: Total Arkansas population</p>	<p>Lung cancer deaths: Arkansas Department of Health, Health Statistics Branch, Health Query System</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 1990–2019</p>
Deaths from alcoholic liver disease	Number/Rate	<p>Number of deaths from alcoholic liver disease and rate per 100,000 population. Deaths from alcoholic liver disease are identified using ICD-10 code K70.</p> <p>Numerator: Number of deaths to Arkansas residents from alcoholic liver disease</p> <p>Denominator: Total Arkansas population</p>	<p>Lung cancer deaths: Arkansas Department of Health, Health Statistics Branch</p> <p>Data available by calendar year</p> <p>Population: National Center for Health Statistics, National Vital Statistics System, U.S. Census Populations with bridged race categories</p> <p>Availability: 1990–2019</p>

**New addition to the 2020 Risk Factors report. Data was retroactively collected for past years when available.

Due to lack of data for past years' reports, the following indicators were deleted from the 2020 Risk Factors report: residences without complete kitchen or plumbing, renter-occupied housing units percent of 4th graders below grade level in math, percent of 4th graders below grade level in literacy, children living with relatives other than parents, children living with non-relatives, children in single-parent families and births to women using alcohol during pregnancy.
